Full List of Service Features

- Industry-specific IT Research — Research that provides analysis and advice on major issues within the selected industry (Banking & Investment, Energy & Utilities,

Insurance, Manufacturing or Retail). Industry research is designed to deliver key technology insights to technology leaders, business-focused IT professionals, and business executives

- Gartner for IT Leaders Research and related content — Includes Core IT and role-specific Research; diagnostic tools, templates, and case studies; Weekly Picks and News Analysis; and webinars featuring Gartner experts
- Role-specific IT Research and IT Initiative Based Research
- Strategic Business Content for IT Executives — Select Business content related to business topics of strategic interest to IT executives
- Peer and Practitioner Research — Includes peer benchmarks, best practices, case studies, tools and templates
- Select Harvard Business Review content — Specially selected documents that leverage Harvard business expertise in key industries
- IT Key Metrics Data — Provides performance metrics on trends in IT spending and staffing, unit costs, and performance measures across IT domains
- IT Podcast Series — A subscription-based podcast series featuring Gartner Research experts' perspectives on business priorities and challenges on topics in information technology
- Webinars — Periodic web conferences where Gartner research advisors speak on timely topics in information technology and then solicit questions from listeners
- Team Analyst Inquiry — The Team Leader must schedule and attend the Team Inquiry sessions which are up to 30 minutes. Team Members may lead the discussion or pose questions to the research advisor on behalf of the team, provided all such questions and discussions advance the Team Leader's agenda
- Peer Networking: Peer Community — Access an exclusive, trusted community of IT and business professionals who share unbiased references and opinions on technology products and vendors to help avoid pitfalls and leverage one another's experiences with strategic IT initiatives
