Full List of Service Features

- Software Engineering Leaders Role-based Content and Tools — Insight and Tools tailored to meet the unique and evolving needs of a specific role within an organisation. Topics span from building and maintaining programs to demonstrating business value, empowering clients to serve as strategic partners within their organisations and enable growth
- Executive Leadership Research and related content — Access to content written on initiatives for Executive Leadership to address the specific and shared needs of leaders in their broader executive role a regardless of domain e.g., Digital Business Transformation, Talent, Internal Communications, and others
- Gartner for IT Leaders Research — Enables clients to access the entire Core Research catalogue (e.g., Magic Quadrants, Vendor Ratings, Hype Cycles) and the additional tools from Gartner's IT Leaders library such as Toolkits (e.g., IT Score, ITBudget), Diagnostic Tools, and IT Key Metrics Data (e.g., IT performance measurement database, IT staffing levels, IT investment levels, key tech cost, performance metrics and trends). This provides clients with a complete set of pragmatic advice and decision-making tools to apply to their daily activities assisting them in applying Gartner methodologies to their specific situations
- Peer & Practitioner Research — Includes peer benchmarks, best practices, case studies, tools and templates
- Strategic Business Content — Select business and role-focused content related to business topics of strategic interest to the role
- Industry-specific IT Research — Research that provides analysis and advice on major issues within the following industry sectors: banking and investment services, energy and utilities, insurance, manufacturing or retail. Industry research is designed to deliver key technology insights to technology leaders, business-focused IT professionals, and business executives
- Emerging Technology Reports — Reports that build on the relevant Hype Cycle and provide more in-depth coverage of technologies that will impact clients. The purpose of this research is to educate the reader on the market impact of the emerging technology
- IT Key Metrics Data — Based on a comprehensive IT performance measurement database, provides access to data on IT staffing levels, IT investment levels, key technology cost, performance metrics and trends. The reports include: 1) data on trends in IT spending and staffing in more than 20 industries, 2) unit cost and performance measures and trends across critical IT domains, and 3) data on information security investment levels and outsource market price benchmarks for the technology domains
- Individual Inquiry — Inquiry sessions of up to 30 minutes with a Research Expert which may be scheduled independent of other team members, and which also may be used to request reviews of business-related documents or contracts of up to 20 pages, including attachments
- Webinars — Periodic web conferences where Gartner research advisors speak on timely topics in information technology and then solicit questions from listeners
- IT Summit Conference Ticket with VIP Access — The Gartner IT Summit Conference Ticket provides admission to one (1) Gartner IT Summit Conference with VIP access.

The VIP access provides an exclusive and elevated experience that is tailored to executives. Tickets provided as part of a Gartner Research offering are valid only for Gartner conferences that take place during the contract term of the Research offering for which the Ticket has been issued. Ticket may not be used for admission to any conference other than an IT Summit

- AskGartner — A generative AI-powered tool available on gartner.com. Sourced solely from proprietary Gartner data, it provides our unbiased perspective and expertise through AI-powered conversational interactions, replacing older keyword-based searching and providing a more holistic overview of Gartner insight on a given topic or question

Additional Terms & Conditions

- Participation in inquiry calls is limited to the Licensed User(s) and research advisors only (i.e., non-Users, either inside or outside of the Client company, may not attend or otherwise participate on an inquiry call)
- The Conference Ticket is a numbered identifier (e.g., 424562) that entitles the Licensed User to register for one (1) Gartner Conference as specified in the Ticket Letter emailed to Client. Tickets are valid for 12 (twelve) months from the date of issue, per the expiration date on the Ticket Letter. Tickets provided as part of a Gartner Research offering are valid only for Gartner Conferences during the contract term of that Research offering. Tickets are non-transferable. A single Ticket may not be used by more than one (1) employee and may not be used for admission to any Gartner Conference other than the CFO & Finance Executive Conference.
- Use of the Service is governed by the Gartner Usage Policy and the Gartner Copyright and Quote Policy, which are accessible on the Policies section of gartner.com.
- Depending on travel advisories and/or government orders, at Gartner's sole discretion, some meetings and events may be held virtually.
