Optum

Summary

With nearly 40 years of experience in healthcare technology, we provide trusted solutions to 37 NHS trusts, helping thousands of community healthcare professionals deliver safe, high-quality care. As a clinically led organisation, we work closely with healthcare professionals to ensure our technology meets real-world needs, helping teams work smarter, not harder.

Pricing

The service will be priced based on time and materials and will vary depending on your specific scope requirements and the size and complexity of your organisation.

Our price will be based on the applicable day rates for Lot 3.

Optum will invoice you monthly or quarterly in arrears based on the days worked in that calendar month or quarter. Our invoices will be payable within 30 days.

Prices exclude VAT.
