Summary

PHM Pathfinder Analytics will help you to:

- Understand population health and care needs
- Identify opportunities and target interventions
- Design and implement interventions
- Evaluate impact

Pricing

The Price for this product is based on the following:

- Minimum contract length of two years
- Population size
- Implementation / Integration method
- Type and volume of Data sets
- Source of data
- Module selection

The price assumes clients have the required IG arrangements in place and data from all organisations in scope are ready to be shared.

Prices exclude VAT.
