# Optum

# Summary

Our MDT solution is a unified digital workspace that brings neighbourhood teams together around each person’s care. It replaces fragmented emails and spreadsheets with one clear, shared view – improving coordination and enabling proactive, integrated care that supports the NHS shift towards care closer to home.

## Pricing table

\*\*\* Exclusive of VAT\*\*\*

| Product                | Service                   | Unit        | Price     |
