Key Benefits

- Access any time, anywhere to take the hassle out of appraisals
- Feel confident in your knowledge, with our regularly updated clinical library
- Access revision toolkits to help support your exam preparation

Balancing appraisals with a demanding workload is a constant challenge. That's why we've created a simple, intuitive appraisal solution—to ease the burden on GPs, PCNs, and Trusts, freeing up valuable time to focus on patient care.

Simplifying appraisals and supporting learning

FourteenFish is designed to support clinicians at every stage of their career—from trainee to practitioner. As the preferred appraisal toolkit partner for the Royal College of GPs (RCGP) and the provider of the RCGP portfolio for trainee GPs, we offer a comprehensive platform designed to streamline appraisals and enhance professional development.

Our resources include appraisal toolkits, a clinical education library for continuous professional development (CPD), feedback surveys, and exam preparation packages. With tailored solutions for a wide range of healthcare professionals—including GPs, paramedics, nurses, midwives, practice managers, trainees, and appraisers— FourteenFish helps you stay on top of learning, development, and career progression.
