FLEXIBLE ASSET BUILDER

A SECURE, COLLABORATIVE CLOUD-BASED (SAAS) PLATFORM THAT ENABLES THE CONSTRUCTION OF BESPOKE ASSESSMENTS AND QUESTIONNAIRES IN DIFFERENT FORMATS AND SCALES.

PUBLIC SERVICES REIMAGINED; LIVES TRANSFORMED

WWW.MEGANEXUS.COM

Service Definition

This service is provided by Meganexus Ltd. Flexible Asset Builder (FAB) is a secure, collaborative tool for designing, validating and distributing bespoke digital assessments. It supports a wide array of instruments, including educational, psychometric, cognitive, personality, motivation assessment and survey tools. Built for high-stakes environments, FAB enables organisations to move from paper-based legacy systems to agile, data-rich digital evaluations.

Overview

Meganexus is a leading provider of secure software solutions to the government and public sector organisations. We are dedicated to enhancing public services by utilising the latest technologies, artificial intelligence and leading development resources.

We work with professionals across various domains to design software solutions that are customisable, easy to use and implement, and deliver measurable outcomes. Our active sectors include Justice, Police, Local Authorities and Councils and Voluntary, Community and Social Enterprises.

Meganexus is ISO 27001:2022, ISO 9001, Cyber Essentials and Cyber Essentials Plus certified. Our Information Security Management System (ISMS) is core to all our operations, both in terms of development and support. Our solutions include:

- Rehabilitation and Through-the-Gate solutions for the Ministry of Justice, now in use in every prison in England & Wales
- A contract management solution for the MoJ to manage prison education contracts and broader regime activities effectively
- Customised training and interventions management solutions for probation and rehabilitation service providers
- Upskilling solutions for local authorities, police, charities and corporate workforces
- Assessment and tracking solutions for healthcare providers, including NHS Trusts and mental health organisations

Features

Versatile Tool: Rapid creation of assessments and surveys for any purpose.

Configurable Logic: Response-dependent input types, branching logic and custom scales.

Secure Distribution: Target assessments by specific user, location or organisational region.

Neurodiversity Support: Digital-first tools to replace paper-based LDD and anxiety screening.

Large-Scale Management: Securely store and manage thousands of active assessments.

Real-Time Monitoring: Simple interface for case workers to monitor real-time user progress.

Evidence-Based Reporting: Map results directly to user development plans or intervention goals.

Offline Capability: Conduct assessments in restricted or low-connectivity environments.

Integration-Ready: Optional full interoperability with the Meganexus suite and third-party systems via API.

High-Stakes Security: Robust encryption for the delivery of formal exams, sensitive assessments and robust certifications.

Benefits

Flexible Asset Builder can be used by organisations to collect diverse data and generate reports to support decision-making.

- **Justice Sector:** to collect service users' data, which helps deliver targeted support to each individual
- **Police:** for identifying staff training requirements, evaluations and feedback collection
- **Local Authorities and Councils:** to manage support services by gathering valuable feedback from different stakeholders, assessing the participants' needs and reporting on their support journey
- **VCSEs/Charities:** to collect users' data at the start of intervention, during the intervention, helping the keyworkers tweak support and develop strategies for efficient delivery
- **Corporate L&D:** to record employee details, their needs, wants, feedback, etc, to give management valuable insights on workforce development.
- **Higher Education:** to design and build assessments/quizzes tailored to student needs

Its benefits include:

- **Efficiency:** Drastically reduces the time Key Workers spend on manual marking and administration
- **Cost Reduction:** Eliminates printing and storage costs associated with paper assessments
- **Rigour:** Standardises assessment delivery to ensure consistency and reliability of data
- **Inclusive Design:** Fully GDS-aligned and WCAG 2.2 AA compliant for diverse user needs
- **Real-Time Data:** Dashboards provide instant visibility into population-level trends and gaps
- **Continuity of Care:** Results are stored centrally, allowing for long-term progress tracking

Information Security

Meganexus is ISO 27001, ISO 9001, Cyber Essentials and Cyber Essentials Plus certified. We provide Security Cleared (SC) Helpdesk personnel who are fully vetted and authorised to handle sensitive data. Our offices are regularly audited for physical security, and our development and test networks are fully accredited.

Role-Based Access Control (RBAC)

All Meganexus products incorporate RBAC.

Multi Tenancy and Customer Separation

FAB provides out-of-the-box multi-tenancy capabilities within a single hosting environment. Separate installations can also be set up if required.

Request for Demonstration
