

Price List for GBG Detected

G-Cloud 15

Version 1.0 | January 2026

Pricing Options

GBG Detected has three components to pricing:

1. Implementation
2. Annual Platform Licence
3. Usage based data services, with optional extras as selected and itemised from the provided menu

These components are dependent on several factors (number of checks, complexity of implementation etc.). Full prices can be discussed with more information.

Below, please find some examples of optional data checks which make up item 3, above.

The range of prices in business data checks is dependent on depth of data and jurisdiction.

Optional Data Services Menu

- **Usage based**
- **PAYG or pre-pay available**
- **Discount available on pre-pay depending on volume**
