

SmartSourcing Ltd - G-Cloud 15

Pricing

December 2025

Version 1.0

Pricing

1. Introduction

This Pricing Document applies to all SmartSourcing G Cloud 15 Lot 3 Cloud Support service entries.

Pricing for these services is set out in the **mandatory Government Digital and Data Profession Capability Framework rate card** completed by SmartSourcing in the G Cloud 15 pricing section of the Digital Marketplace.

All prices in this document:

- are the prices that a buyer will pay for the services
- are day rate prices and
- **do not exceed** the day rate prices entered by SmartSourcing in the mandatory Government Digital and Data Profession Capability Framework rate card in the G Cloud 15 pricing section.

All prices exclude VAT.

2. Pricing basis

- Services are charged on a day rate basis per role, aligned to Government Digital and Data capability roles shown in the G Cloud 15 pricing section.
- A standard day is 8 hours, Monday to Friday, excluding lunch.
- Any travel and subsistence will only be charged where agreed in the Call Off Contract and in line with the buyer's policy.
- No licence, set up or termination fees apply unless expressly agreed in the Call Off Contract or Statement of Work.

3. Day rate prices

The maximum day rate prices for each role are published in the **Government Digital and Data Profession Capability Framework rate card** completed by SmartSourcing in the G Cloud 15 pricing section. Buyers will not pay more than these published ceiling day rates.

SmartSourcing may agree lower prices at Call Off for specific engagements, but will not exceed the day rates shown in the Government Digital and Data Profession rate card for G Cloud 15.
