AI & Value Opportunity Assessment Workshop

A Mozaic Workshop Service

A facilitated workshop designed to help organisations explore where artificial intelligence could create value and what is required to adopt it responsibly. It introduces an operating-model-centric perspective, supports early alignment, and provides a structured starting point before commissioning a full AI opportunity or readiness assessment.

Features

- Facilitated AI discovery workshop for senior leaders and delivery teams
- Introduction to Mozaic's AI and operating model principles
- Structured exploration of AI use cases aligned to business priorities
- High-level assessment of readiness across governance, data, process, and skills
- Identification of key risks, constraints, and dependencies affecting AI adoption
- Use of Mozaic's operating model frameworks to guide discussion
- Clear articulation of next-step considerations to inform further assessment

MOZAIC

Benefits

- Shared understanding of what AI means in the organisation's context
- Early identification of where AI could create genuine business value
- Improved alignment across stakeholders before investing in AI initiatives
- Reduced risk of fragmented or technology-led experimentation
- A clear foundation for commissioning a full AI Opportunity Assessment

Getting the Foundations Right

The Fundamentals to Overall Business Success

An effective operating model is the essential foundation for how an organisation delivers its strategy and successfully manages day-to-day operations.

It encompasses the critical elements - processes, technology, people, and organisational structure - that collectively drive business outcomes, ensuring these elements align and work seamlessly towards achieving strategic goals.

Shaping a Better Future

We believe that business has a responsibility to deliver more than results, it should contribute positively to people's lives, the communities we operate in, and the environment we all share. That's why we are dedicated to acting responsibly in every aspect of our work, from how we run our firm to how we support our clients.

To accelerate our journey to Net Zero, we have committed to reducing CO_2 emissions by 15% year on year, achieving a 73% overall reduction by 2030 and continuing to reduce emissions to reach full Net Zero by 2040 or sooner.
