Future Ready

SecOps

A Mozaic DPSD Service

A Digital Product and Service Delivery (DPSD) enabler. Using world-class engineering approaches, our SecOps engineers ensure security is baked-in to service design, providing full automation from delivery to live, reducing manual effort, ensuring repeatability, significantly increasing quality, and reducing risk. ServiceNow and Halo platforms can be utilised where appropriate.

Features

- Fully compliant with the digital service standard
- Cloud platform agnostic
- Utilises standard tooling (e.g. Jira, Jenkins, Confluence, Kubernetes)
- Integrate with operational platforms (ServiceNow/Halo) to automate pipelines
- Best practice including NIST, NCSC and ITIL
- Security cleared consultants

Benefits

- Provable risk reduction
- Significantly reduced cycle times
- Reduced manual effort
- Built-in provable quality
- Repeatability in operational processes
- Standardisation of approach
- Visibility and control over change pipeline
- Reduced effort in service delivery

With experience that spans all industries and business functions, from scale-ups to global household names, Mozaic has enabled more operating model change than any other organisation.

Our deep industry coverage and extensive track record enables us to understand the unique challenges you are facing - from driving efficiencies and reducing risk to ensuring your technologies are Future Ready.

Whatever your industry, we have the expertise to deliver transformative solutions tailored to your needs.

Getting the Foundations Right

The Fundamentals to Overall Business Success

An effective operating model is the essential foundation for how an organisation delivers its strategy and successfully manages day-to-day operations.

It encompasses the critical elements - processes, technology, people, and organisational structure - that collectively drive business outcomes, ensuring these elements align and work seamlessly towards achieving strategic goals.

Shaping a Better Future

We believe that business has a responsibility to deliver more than results, it should contribute positively to people's lives, the communities we operate in, and the environment we all share. That's why we are dedicated to acting responsibly in every aspect of our work, from how we run our firm to how we support our clients.

To accelerate our journey to Net Zero, we have committed to reducing CO_2 emissions by 15% year on year, achieving a 73% overall reduction by 2030 and continuing to reduce emissions to reach full Net Zero by 2040 or sooner.
