

PENETRATION TESTING SERVICE DEFINITION DOCUMENT

Discover and Fortify Your Cyber Defences with Arcanum's Expert Penetration Testing

Protect your business from evolving cyber threats with Arcanum's comprehensive penetration testing services.

Our expert-led, CHECK and CREST approved assessments are designed to uncover vulnerabilities in your systems and provide actionable solutions, ensuring your organisation remains secure against real-world cyber attacks.

WHY ARCANUM?

Trusted Penetration Testing Services for every industry

At Arcanum, we deliver reliable and expert penetration testing services across a range of industries, including Government, Defence, SMEs, and FTSE-listed companies.

Our highly skilled consultants provide CHECK and CREST-approved services, ensuring thorough and rigorous security assessments. With extensive experience across diverse sectors and disciplines, we tailor our assessments to meet the unique needs of your organisation, ensuring the highest level of protection.

Expert OT Penetration Testing Services

Arcanum's penetration testing team specialises in conducting vulnerability assessments and penetration tests within OT (Operational Technology) environments.

Using mature and refined methodologies, we ensure that your OT environment remains fully operational, addressing a key concern for organisations that rely on uninterrupted productivity. Our expertise guarantees thorough assessments without compromising your systems.

Contact us today and discover how you can ensure the protection of your critical data and infrastructure. Our team of security experts are happy to respond to any questions you may have regarding any security issues you may face and assist you wherever possible.
