

Project and Programme Management

End-to end support for digital transformation

Cloud21 provides specialist **Programme Management** services within the public sector, with full Managing Successful Programme life cycle offered, with the ability to tailor to local needs. All programme managers have over 5 years' experience in delivery of healthcare and social care services within an NHS and local government environment.

Cloud21 provides specialist **Project Management** services offering PRINCE2 accredited consultants, to deliver the full project lifecycle, with the ability to tailor to local needs. All project managers have over 5 years healthcare and social care services within an NHS and local government environment.

Our services support and enable delivery of the optimisation programme, ensuring delivery with robust governance, assurance, and status reporting in place. From establishing the programme and ensuring resourcing with the specific expertise required, to ongoing delivery, we offer comprehensive optimisation programme capabilities.

Our commitment to you starts by taking the time to understand the challenges you face. Our **Strategic Consultancy** is based on many years of expertise in system services. By collecting data, carrying out thorough analyses to identify opportunities, we will help you maximise the benefits of transformation of clinical care and operational services whilst minimising risk.

Led by former NHS and Social Care CIOs, COOs, CMOs, and Transformational Directors, our real-world experience and comprehensive services support the full transformation and lifecycle of major systems deployments.

From ensuring **System Readiness** through to **Initiation and Deployment** to **Go-Live and Stabilisation**, we are with you step by step on the journey from assessment to implementation and beyond.
