

Pricing for these services can be provided following a discovery period, which will help us estimate the effort involved. Indicative pricing has been provided below, but is subject to change based on the complexity and scale of the supported services and your organisation.

Package Size	Number of Configuration Items (e.g. VMs, K8s Clusters)	Price per Annum
Small	<10	£24,000
Medium	11-25	£36,000
Large	26-50	£48,000
Extra Large	>50	Custom

If escalation to Google TSS is required, that will introduce additional variable charges that will be defined during the discovery period.
