

Azure Eyes Managed Services Pricing

For our Azure Eyes Managed Services, we offer several commercial models.

Service pricing is comprised from:

- The Azure Eyes Service Tiers and/or the services, technologies and volumetrics comprising an Azure Eyes 'tailor-made' scope of services.
- Hours of Service cover

Charges are provided based on either:

- A fixed charged based on the services and associated customer technologies or volumetrics and hours of service cover, with services starting from £1,500 per calendar month.
- A percentage of Azure Consumed Revenue (ACR), with services starting from 7% of ACR per calendar month.

Further details are available on request.
