Introduction

This G-Cloud 15 Pricing Document describes Computacenter's pricing approach for our resale service to provide cloud infrastructure for AI workloads on the Nscale sovereign AI cloud.

Computacenter Legal Statements

'Solutions may be subject to third party marketplace or end user terms and conditions as appropriate'

Pricing for the Service

This service will be priced at no more than the publicly available pricing on <https://www.nscale.com/>

Computacenter will work with Nscale at the time of procurement to explore discounts from this list price.

Getting In Touch
