IBM watsonx.Data Integration as a Service

Product Overview

Watsonx.data Integration on Cloud is a unified, AI-powered data integration platform engineered to address core modern data engineering challenges. The solution eliminates the constraints of fragmented tooling and architectural lock-in through a flexible, decoupled control plane. It supports comprehensive integration patterns—including batch ETL/ELT, streaming, replication, and virtualization—enabling secure, high-performance pipeline execution. A key architectural advantage is the ability to process data, whether on-premises or across multi-cloud environments, minimizing unnecessary data movement for cost-effective operations.

The platform integrates advanced observability, generative AI-assisted development, and reusable pipeline authoring to significantly enhance data engineer productivity, ensure data quality, and provide an agile foundation. It is designed to deliver trusted data to business intelligence, traditional AI, and generative AI workloads on the watsonx.data platform.

Commercial & Licensing Summary

Watsonx.data Integration is offered as a service component of Cloud Pak for Data. It utilizes a simplified, size-agnostic part number structure and operates on a burndown credit consumption model.

Parts and Pricing (IBM Cloud)

Pricing is currency-specific. The standard unit of consumption is the Resource Unit (RU) per month.

Part Description	Part Number	List Price	Price Metric
watsonx.data integration as a Service	D01BMZX	£19.20 GBP per RU/ per Month	RU
watsonx.data integration as a Service Overage	D01BNZX	£21.20 GBP per RU/ per Month	RU
watsonx.data integration as a Service - Service Level Agreement	D01CJZX	\$0	N/A
watsonx.data integration as a Service Advanced Support per Month (IBM Cloud)	D0B3YZX	Refer Notes below	Currency
watsonx.data integration As a Service Premium Support (IBM Cloud)	D0B4XZX	Refer Notes below	Currency

Support Tiers & Minimum Commitments

- **Advanced Support:** Minimum monthly commitment starts at USD 200 or 10% of monthly consumption charges, whichever is higher.
- **Premium Support:** Minimum monthly commitment starts at USD 10,000 or 10% of monthly consumption charges, whichever is higher

IBM has a strategic MoU with Crown Commercial Services (CCS) which is applicable to all Public Sector Customers buying via G-Cloud. This provides agreed baseline levels of discounts and details higher levels of discounts for larger volumes or greater durations of contract. The IBM pages describing this are at https://ibm.biz/ccs_mou. Public Sector clients can request a full copy of the IBM MOU from CCS by sending an email to info@crownccommercial.gov.uk

The pricing in this G-Cloud Offering takes account of the MOU baseline discounts. As IBM's portfolio is somewhat complex and there are several factors that affect the pricing; if your requirements are for more than just one license for a month, we would suggest that you contact us directly to ask us to provide you with pricing with the correct levels of discount for the term and volumes that you require. The email address for G-Cloud related enquiries is ukcat@uk.ibm.com. Please ensure that you indicate which G-Cloud Offering(s) you are requesting details for.
