Managed AI & MLOps Service

Pricing

- On-boarding requires a setup and one-off assessment priced at £13,000
- On-boarding costs do not apply if Claranet designed and deployed the data platform
- Change release management pricing is for standard deployments on PaaS services, ML environments, and LLM services
- Discounts up to 50% are available for SaaS services and pretrained LLMs
- Customised Machine Learning environments and AI solutions may incur higher costs
