G-Cloud 15: Pricing for Managed XDR for Microsoft

How to use this pricing table

1. Choose the data tier in the Sentinel table that matches the maximum amount of log data you expect to send to Microsoft Sentinel each month.
2. Determine how many endpoints you need coverage for and look for the row that matches in the Defender table
3. Combine the monthly prices shown in each table to determine your fixed monthly price for Claranet's Managed XDR service.
3. If your data volume increases, you can move to a higher tier at any time, and it will simply align with your existing contract term.
4. Apply multi-year discount (min 5% for 24 months, min 10% for 36 months).
5. All tiers include Claranet's 24/7 monitoring, investigation, and incident response for Microsoft environments.

Sentinel	TB per month	Price per month
	0.5	£3,345
	0.75	£3,925
	1.0	£4,528
	1.5	£6,083
	2.0	£6,873
	2.5	£8,273
	3.0	£9,672
	3.5	£11,071
	4.0	£12,470
	4.5	£13,870
	5.0	£15,268
	5.0+	POA

Defender	Number of endpoints	Price per endpoint, per month
	1 - 499	£4.18
	500 - 999	£3.15
	1,000 – 1,499	£2.46
	1,500 – 1,999	£2.51
