APPIAN PLATFORM TERMS AND CONDITIONS

These Appian Platform Terms And Conditions (“Agreement”) govern the use of the Appian Cloud Offering (defined below) by the Subscriber identified on the applicable Order Form referencing this Agreement and Appian’s obligations in providing access to the Cloud Offering. This Agreement is effective as of the Effective Date of the first Order Form referencing this Agreement (“Effective Date”). Appian and Subscriber may be referred to individually as a “Party” or jointly as the “Parties.”

1. DEFINITIONS The terms defined in this Section 1 and any other capitalized terms defined in the other sections of this Agreement have the meanings stated.

1.1 “**Agreement**” means, collectively, this Agreement and any Order Forms referencing it.

1.2 “**Cloud Offering**” means Appian’s software platform (including all updates and enhancements to the same that Appian provides under section 4 of this Agreement), the Documentation, and the information technology infrastructure used to make Appian’s software available to Subscriber over the Internet.

1.3 “**Data**” means the data, information or material that Subscriber or its Users submit to the Cloud Offering under this Agreement. Data shall not include anything initially provided to Subscriber by Appian.

1.4 “**Documentation**” means the contents provided under the documentation section of the Appian Community website, <https://docs.appian.com>, or other URL as notified to the Subscriber in writing from time to time.

1.5 “**Order Form**” means one or more order forms signed by the Parties that reference this Agreement.

1.6 “**User**” means an employee, contractor or subcontractor of Subscriber who has a user account in the Cloud Offering allowing him/her to authenticate into the Cloud Offering.

2. SUBSCRIPTION

2.1 **License.** During the term of the subscriptions that Subscriber purchases, Appian grants Subscriber a non-transferable, nonexclusive license to access the Cloud Offering via a username and password over the Internet. Subscriber may use the licenses purchased under this Agreement for Subscriber’s general business purposes, unless the applicable Order Form restricts Subscriber’s use to a particular application, in which case Subscriber may only use the Cloud Offering in connection with the specified application.

2.2 **Restrictions.** Except to the extent expressly authorized in this Agreement or in the Documentation, Subscriber may not: (i) reverse engineer, disassemble, decompile or otherwise attempt to access or determine the source code of the Cloud Offering, (ii) operate the Cloud Offering for use by third parties or otherwise operate

the Cloud Offering on a service bureau basis, (iii) modify, copy, reproduce or create a derivative from the Cloud Offering, in whole or in part, or (iv) allow, permit or assist any party to do any of the foregoing. In addition, unless expressly authorized by Appian in the applicable Order Form, Subscriber agrees not to use the Cloud Offering in circumstances in which errors or inaccuracies in the content, functionality, services, data or information provided by the Cloud Offering or the failure of the Cloud Offering, could lead to death, personal injury, or severe physical or environmental damage.

2.3 Users Accounts. Only the identified individual associated with a particular User account can access the Cloud Offering using that account. User accounts may not be shared among individuals, or used to provide access to the Cloud Offering to individuals who are not the individual associated with the corresponding User account. Subscriber may not activate and deactivate User accounts on a daily or other regular basis in order to circumvent license restrictions. To the extent that Subscriber configures Appian's software to be accessed or used through a separate system or interface (e.g. "headless"), users of the Appian software through such separate system or interface must be licensed under this Agreement, regardless of whether such person has an Appian User account or authenticates into the Cloud Offering. If Subscriber exceeds the number of licensed Users set forth in the effective Order Form(s), Subscriber shall purchase such additional User subscriptions necessary to bring Subscriber into compliance, with the date of such purchase retroactive to most recent Order Form between the parties and for a term equal to the longer of the remainder of the term of Subscriber's current subscription or one year. Such additional User subscriptions shall be at Appian's current list fees irrespective of any discounts offered to Subscriber in any Order Form.

2.4 Subscriber Responsibilities. Subscriber must use the Cloud Offering in accordance with all applicable laws. Subscriber is responsible for the password security of User accounts and the level of access granted to an individual User by Subscriber's Cloud Offering administrators, as well as any other security configurations set by Subscriber. Subscriber is responsible for any violation of this Agreement by its Users. Subscriber shall promptly report to Appian any copying or distribution of the Cloud Offering in violation of this Agreement that is known or suspected by Subscriber and provide Appian with reasonable assistance to stop such violation.

2.5 Security. Appian will maintain an annual Service Organization Control (SOC) Report (or other similar or replacement report as the industry adopts) in connection with the Cloud Offering ("SOC Report"). Subject to agreed upon usage terms, Appian will provide Subscriber with Appian's then current SOC Report. During the term of this Agreement, Appian will maintain such security measures identified in the then current SOC Report or, if Appian determines that more effective measures should be implemented, apply such replacement security measures. Subscriber may perform

security testing with respect to the Cloud Offering, but only with Appian's prior written consent, not to be unreasonably withheld.

2.6 Intellectual Property Rights. The Cloud Offering and all intellectual property rights therein are licensed to Subscriber, not sold. All rights in the Cloud Offering not provided to Subscriber under this Agreement are retained by Appian and its licensors.

3. DATA As between the Parties, the Data belongs to Subscriber. Subscriber is responsible for responding to any notices sent to Subscriber (or any User) by any third party claiming that the Data violates such party's rights. Subscriber grants Appian a worldwide, irrevocable, royalty-free, nonexclusive, sublicensable right during the term of this Agreement to use the Data for the purposes of providing the Cloud Offering to Subscriber. Appian shall backup the Data on a nightly basis. The Data shall be retained for at least twenty eight (28) calendar days.

4. MAINTENANCE SERVICES

4.1 Maintenance Services. Appian shall provide Subscriber with the following maintenance services ("Maintenance Services") during the term of the Subscriber's subscription to the Cloud Offering:

- a. Updates. Appian will install the upgrades and patches to the Cloud Offering that become available.
- b. Technical Support. Subscriber may designate up to the number of Subscriber employees allowed by the Service Level Agreement to coordinate Subscriber's requests for Maintenance Services. Subscriber's Maintenance Services contacts may report problems and seek assistance regarding Subscriber's use of the Cloud Offering using Appian's online technical support case management system, by telephone using Appian's authorized technical support phone line, or using any other means that Appian may authorize from time-to-time. Subscriber's Maintenance Services contacts may track Technical Support requests using Appian's case management system. Subscriber shall email support@appian.com with Subscriber's Maintenance Services contacts promptly on or after the Effective Date. Subscriber may change its Maintenance Services contacts using Appian's case management system.
- c. Remote Maintenance Only. Maintenance Services do not include on-site or in-person assistance, training or consultation.
- d. Self-Managed RPA Robots. To the extent that Subscriber's purchased subscriptions include the right to deploy Appian RPA, the self-managed Appian RPA Robots are not subject to the availability guarantees in the Service Level Agreement. Subscriber is responsible for correcting defects in the Appian RPA robots created by Subscriber and its contractors.

4.2 Scheduled Maintenance. Appian may specify up to a contiguous four (4) hour period during off peak hours when the Cloud Offering will not be available and during which Appian can provide any needed maintenance. Appian will use reasonable efforts to provide one week prior notice of all scheduled maintenance periods, provided that Appian may without prior notice suspend the Cloud Offering to install emergency patches or other urgent corrective measures.

5. CHARGES AND PAYMENT OF FEES Fees and charges are due and payable within 30 calendar days of Appian's invoice date. Amounts not timely paid shall incur interest at the lower of 1.5% per month, or the highest amount permitted under applicable law. All fees and charges are exclusive of all taxes, levies, or duties imposed by taxing authorities ("Taxes"). Subscriber is responsible for paying all such Taxes, excluding only Taxes based solely on Appian's income, at point of sale. Any exemption to such Taxes is dependent upon Appian's receipt of legally required documentation of such exemption. All payments due under this Agreement shall be made without any withholding, unless required by law. If Subscriber is required to withhold, Subscriber will provide Appian with documentation evidencing payment. If, and to the extent, that Appian is unable to claim an income tax credit for the full amount withheld, Subscriber shall pay the unrecouped amount to Appian. Except as expressly set forth in this Agreement, all orders for licenses and services are non-cancelable and all payments are non-refundable.

6. CONFIDENTIALITY

6.1 Confidential Information. "Confidential Information" means any information disclosed in writing or orally by one Party (the "Discloser") to the other Party (the "Recipient") and includes (a) information marked as confidential, (b) the Cloud Offering, (c) the terms of this Agreement (except as necessary to enforce the terms hereof), and (d) information that is reasonably understood to be confidential under the circumstances of disclosure or the nature of the information disclosed.

6.2 Non-Disclosure. The Recipient agrees to use the same degree of care to avoid unauthorized use or disclosure of the Discloser's Confidential Information as it uses to protect its own information and data of like importance, but in no event using less than a reasonable degree of care (with respect to Appian's obligations in connection with the Cloud Offering, such reasonable degree of care shall be defined as the measures identified in the then current SOC Report). Acting in accordance with the foregoing standard, the Recipient agrees to disclose the Discloser's Confidential Information only to its employees or Users (or, in the case of Appian, authorized subcontractors) who (i) have a need to know the same, and (ii) are subject to binding confidentiality obligations with the Recipient that are at least as restrictive regarding limitations on use and disclosure as those in this Section.

6.3 Exceptions. The foregoing restrictions will not apply to information that (a) is known to the Recipient at the time of receipt, (b) has become publicly known through no wrongful act of the Recipient, (c) has been rightfully received from a third party

authorized to make such communication without restriction, (d) has been independently developed by the Recipient as evidenced by written records, (e) has been approved for release by written authorization of the Discloser, or (f) is required by law to be disclosed; provided that if the Recipient is required to disclose the Discloser's Confidential Information pursuant to an order under law, the Recipient must, if lawful, promptly notify the Discloser and cooperate in all reasonable respects with the Discloser's requests in connection with obtaining a protective order.

7. TERM, TERMINATION AND SUSPENSION

7.1 Term. This Agreement shall commence on the Effective Date and, unless terminated earlier as set forth below, shall continue for the duration of any subscription purchased in an applicable Order Form.

7.2 Termination.

a. For Cause. Either Party may terminate this Agreement if the other Party breaches any material terms and conditions of this Agreement, and fails to cure such breach within 30 days of receiving written notice thereof from the non-breaching Party.

b. Suspension. Upon providing Subscriber with written notice, Appian may immediately suspend Subscriber's privilege to use the Cloud Offering, which suspension shall be without any liability to Appian if Appian has reason to believe: (i) Subscriber is using the Cloud Offering in any manner to (A) interfere or attempt to interfere with the functionality or proper working of the Cloud Offering, including but not limited to participating in any flooding or denial or service activities of any kind, or (B) engage in, promote or facilitate illegal activities; or (ii) the Data (A) infringes, violates or misappropriates any rights of Appian or any third party; (B) constitutes defamation, invasion of privacy or publicity, or otherwise violates any applicable law or regulation, or (C) contains malware, viruses, Trojan horses, spyware, worms, or other malicious or harmful code.

c. Effect of Termination. Upon the effective date of termination, Appian may terminate Subscriber's use of the Cloud Offering, and Subscriber agrees to pay the balance due on Subscriber's account computed in accordance with applicable Order Form.
