

 **VERSION 1**

Cloud Migration Factory

Cloud migration and modernisation: essential to keep pace

"Businesses that follow the lead of cloud migration outperformers stand to unlock some **\$1 trillion in value.**"
McKinsey

"83% of migration projects fail. More than 50% exceed their budget. But **more than half of IT spending** in key market segments will shift to cloud by 2025."
Gartner

"The cloud migration market size is expected to grow from **\$181.31 billion in 2023 to \$628.83 billion by 2028**, at a **CAGR of 28.24%** during the forecast period of 2023 to 2028."
Mordor Intelligence

Cloud is both the foundation and accelerator to unlock new or deliver enhanced business value and innovation. With the transformative power of generative AI and emerging technologies coming into play, now is the time to consider cloud elerate that innovation. migration as an enabler to access and acc

Brad Mallard
Chief Technical Officer

How can our Cloud Migration Factory help your business ?

Exit expensive legacy 3rd party hosting contracts at speed

- Deliver on challenging and compelling datacentre exit timeline, through fast cloud migration
- Skilled team of migration specialists to advise on efficient and cost-effective migrations

Enable cloud transformation

- Once workloads are migrated to Azure, this opens up high value cloud services to enhance your business such as Machine Learning, Artificial Intelligence, Cognitive Services and Microservices.

Reduce costs through adoption of Cloud Native Services

- Every Cloud Migration Factory Project we complete introduces Cloud Native Services to reduce hosting and operational overhead, even when migrating heavy IaaS hosted workloads.
- Replace expensive operational licenses and hardware such as Backup, Hypervisors, Storage Replication

Cloud Migration Factory Benefits

Proven Fast Approach

Whether it be Rehost, Replatform or Refactor, Version 1 has a proven approach to help find the right fit for each business system. Our multi-station team can migrate at volume and velocity.

Scale

We offer a diverse delivery team blending Consulting with a Migration Factory consisting of Cloud specialists supporting a broad range of technology platforms.

Agility

Access to Version 1 technical communities of practice across platform, digital, DBA, data and analytics, ERP and software asset management. This agility is supported by our Microsoft partnership.

Security

Security across applications, databases, and platform is a fundamental part of our approach.

Cloud Migration Factory Approach

Migration Methods and Strategy

End-to-end cloud services

For all stages of your journey

Readiness and Enablement

No matter the stage of your cloud journey, we can provide services to create your strategy, enact that strategy and optimise your adoption. From ways of working to total cost of ownership, our cloud strategy and architecture services provide the kick start for customers on their cloud journey.

Migration and Transformation

Cloud as a platform can be complex with a plethora of services and technologies available. Our migration and transformation services provide deep experience combined with a breadth of knowledge to support your migration and transformation needs – from identity to landing zones to engineering.

Operate and Optimise

Continuous improvement is at the heart of our operational and optimisation services, to ensure that your workloads are running as efficiently as possible – and that you only use what you need, when you need it. From observability to FinOps, trust us for best practice and depth of experience.

Access services that match your needs and maturity

Business-led cloud transformation specialists

Re-think how people, process, and technology can play together. And adopt, optimise and leverage cloud to unlock new or enhanced business value and innovation.

Innovate and drive value from the cloud

Business-led cloud transformation approach

We focus on cloud as an enabler for value and innovation. We believe that all IT investments must start with a deep understanding of business, and that successful cloud transformations focus heavily on business outcomes, not just technical.

Global Cloud Transformation expertise recognised by hyperscalers

Technology partners recognise our global cloud experience and leadership in cloud strategy, services, and innovation: AWS Migration Partner of the Year 2022, AWS Collaboration Partner 2023, Oracle Innovation Partner of the Year 2023, Microsoft 2023 Modernizing Applications Award

Breadth and depth of capabilities - from strategy to ways of working

With deep skills across a broad technology stack, our expert team of cloud specialists can help you with virtually any transformation challenge you're experiencing.

Unique cloud transformation IP

We've invested significantly in building cloud transformation accelerators which enable us to transform customers' estates at pace.

Innovative at our core

We help our customers plan a cloud journey that sets their business up for the future, by embracing cutting-edge technology and leveraging disruptive technology such as Generative AI.

Rich heritage in delivering across many sectors and industries

Version 1 has a strong track record in delivering successful cloud transformation programs for customers across many industries and technology stacks.

About Version 1

Version 1 at a glance

29 years of experience

13 global locations

6 strategic technology partners

13 years as a great place to work

Industry best practice

€364M+ revenue 2024

82% employee engagement score (Q2 2025)

85% customer satisfaction score (Q2 2025)

The Version 1 difference

The core values at the heart of Version 1's success.

**Honesty and
integrity**

**Personal
commitment**

No ego

Customer first

Excellence

sustainability**

**Ethical
Practices**

**Responsible
Procurement**

**Social
Impact**

As a participant of the United Nations Global Compact, Version 1 is committed to aligning strategies and operations with universal principles on human rights, labour, environment and anti-corruption

Our services portfolio

Application Modernisation and Integration

Accelerating the modernisation of applications embracing sustainable engineering and AI-assisted development.

Legacy systems modernisation

Continuous modernisation

Next Gen Apps

Integrated Apps

Portfolio modernisation

Experience Design and Development

Designing, shaping and building products and solutions that deliver fantastic people and societal experiences.

Digital strategy and innovation

Product management and roadmaps

Behavioural research, analysis and journey mapping

Creative design and UX services

Product development and AI accelerated engineering

Envisioning and innovation workshops

Enterprise Applications

Optimising the core of your business with deep functional and technical expertise in Finance, People, Customer and Enterprise Performance Management (EPM).

Reshaping finance for the future

Elevating HR and people operations

Enhancing supply chain management

Amplifying customer touchpoints

Realising value with Data insights and AI

Data x AI

Becoming an intelligent, data driven organisation needs quality data x AI to make better decisions and processes.

Data strategy and architecture

Data engineering

Data analytics and visualisation

Data modernisation

Data governance

AI co-creation services

Cloud Transformation

Adopting, optimising and leveraging Cloud to unlock new or enhanced business value and innovation.

Industry specific cloud

Readiness and enablement

Migration and transformation

Operate and optimise

Specialist services

ASPIRE Managed Services

Reduce time, cost and risk by leveraging our VLA approach to run and optimise traditional and Cloud services to improve business agility and accelerate innovation.

Cloud and infrastructure management and optimisation

Oracle SaaS management and optimisation

Data and AI managed services

EBS, Peoplesoft and JDE managed service

Application management and optimisation

Digital workplace services

Our global technology partners

- Named **AWS Collaboration Partner of the Year 2024**
- Named **Global Microsoft Modernising Applications Partner of the Year Award 2023**
- Named **Microsoft Ireland Partner of the Year 2023 Winner - Social Impact**
- Named **Innovation Partner of the Year Winner - 2023 Oracle EMEA Partner Awards**
- Named **AWS Collaboration Partner of the Year - EMEA 2023**
- Named **AWS Migration Partner of the Year - EMEA 2022**
- Named **OutSystems Partner of the Year 2021**

Microsoft Partner

Azure Expert MSP

As an Azure Expert MSP and the Global Modernising Applications Partner of the Year 2023, Version 1 boasts extensive expertise across the Microsoft stack.

Premier
Consulting
Partner

An AWS Premier Consulting Partner and EMEA Migration Partner of the Year, Version 1's unrivalled expertise boasts deep expertise with 400 certifications and accreditations.

ORACLE | Partner

With 28+ years of Oracle ecosystem expertise, we're a certified Oracle Modern OPN Partner and Cloud Solutions Provider - One of Europe's most distinguished Oracle Cloud partners.

As a Premier Red Hat partner, we are experts in hybrid-cloud models and OpenShift, recognised for driving innovative solutions using Red Hat technologies.

An OutSystems Partner for Sales, Delivery and Quality Apps Program Partner, Version 1 is committed to unlocking value for our customers through low code development.

As a Snowflake Partner Version 1 enables customers to leverage Snowflake's flexibility, performance, and ease of use to deliver more meaningful data insights.
