Is your cloud environment difficult to manage and change?

Together, we deliver engineering excellence with you facilitating agility and supporting business change.

of company's state security as one of their top challenges of cloud

State they lack the skills and expertise in public cloud

Of IT professionals cite performance as a concern on public cloud

State that managing compliance in cloud as a challenge, 43% citing it as a significant challenge

Power your agility
through our
**engineering
excellence** and join
the next era of cloud

“

The next generation of public cloud will be defined by the sophistication of its engineering, enabling seamless scalability, robust security, and unparalleled flexibility.

Cloud platform engineering isn't just about infrastructure; it's about architecting experiences that drive innovation, transform businesses, and shape the future of digital services.

”

Daragh McCormack
Director of Data &
Cloud
Version 1

Continuously improving operations and excellence

As a cloud managed service provider ourselves, we understand the need for optimisation and efficient operations, supporting over 200+ managed service customers. Our capabilities allow us to help our customers create their own optimised and efficient cloud environment.

Operate and Optimise

Cloud Excellence

Attain cloud excellence with our services, tailored for all cloud user maturities seeking to enhance operational efficiency, and unlock new opportunities for sustainable, advanced enterprise innovation.

Engineering Services

Customised engineering services for mature cloud users, optimising infrastructure and streamlining operations.

Our experts enhance performance, security, and cost-efficiency, ensuring you meet evolving demands with precision and expertise.

Optimisation Services

Tailored optimisation services for seasoned cloud environments, fine-tuning infrastructure and operations.

Our experts boost performance, security, and cost-efficiency, guaranteeing your cloud environment meets evolving demands and needs

Cloud Platform Engineering Services

Access services that match your needs and maturity

Version 1 Labs - Cloud Innovation Centre

A service provided to customers to explore and rapidly validate cloud and AI-empowered applications, sustainable use cases, migration and transformation.

Driving innovation
in the cloud

Why use our Labs?

To better understand how AI-powered and Cloud technologies can impact your business

To inform business case development and investment - using concrete and first-hand evidence, knowledge and experience

How do we engage?

Proof of Concept/Context (PoC) development

Collaborative engagement model

Agile development methodology

Business-led cloud transformation specialists

Re-think how people, process, and technology can play together. And adopt, optimise and leverage cloud to unlock new or enhanced business value and innovation.

Innovate and drive value from the cloud

Business-led cloud transformation approach

We focus on cloud as an enabler for value and innovation. We believe that all IT investments must start with a deep understanding of business, and that successful cloud transformations focus heavily on business outcomes, not just technical.

Global Cloud Transformation expertise recognised by hyperscalers

Technology partners recognise our global cloud experience and leadership in cloud strategy, services, and innovation: AWS Migration Partner of the Year 2022, AWS Collaboration Partner 2023, Oracle Innovation Partner of the Year 2023, Microsoft 2023 Modernizing Applications Award

Breadth and depth of capabilities - from strategy to ways of working

With deep skills across a broad technology stack, our expert team of cloud specialists can help you with virtually any transformation challenge you're experiencing.

Unique cloud transformation IP

We've invested significantly in building cloud transformation accelerators which enable us to transform customers' estates at pace.

Innovative at our core

We help our customers plan a cloud journey that sets their business up for the future, by embracing cutting-edge technology and leveraging disruptive technology such as Generative AI.

Rich heritage in delivering across many sectors and industries

Version 1 has a strong track record in delivering successful cloud transformation programs for customers across many industries and technology stacks.

About Version 1

Version 1 at a glance

29 years of experience

13 global locations

6 strategic technology partners

13 years as a great place to work

Industry best practice

€364M+ revenue 2024

82% employee engagement score (Q2 2025)

85% customer satisfaction score (Q2 2025)

The Version 1 difference

The core values at the heart of Version 1's success.

**Honesty and
integrity**

**Personal
commitment**

No ego

Customer first

Excellence

Drive

Looking forward: Our ESG targets, goals & achievements

A-

score for Carbon Disclosure Project reflecting our sustainability practices (Industry average is a C)

680+

Volunteering hours delivered by employees globally

80%

key suppliers with sustainability targets by 2025, we are committed to reducing environmental impacts across our supply chain through responsible sourcing and partnerships

217

Version 1 Impact Investors supporting our global Community First programme which aligns to the UN Sustainability Development Goals

Bronze

Ecovadis rating reflecting our ESG maturity across our strategic focus areas

930

Women in Tech members

Our four strategic ESG pillars:

**Environment
sustainability**

**Ethical
Practices**

**Responsible
Procurement**

**Social
Impact**

As a participant of the United Nations Global Compact, Version 1 is committed to aligning strategies and operations with universal principles on human rights, labour, environment and anti-corruption

Our services portfolio

Application Modernisation and Integration

Accelerating the modernisation of applications embracing sustainable engineering and AI-assisted development.

Legacy systems modernisation

Continuous modernisation

Next Gen Apps

Integrated Apps

Portfolio modernisation

Experience Design and Development

Designing, shaping and building products and solutions that deliver fantastic people and societal experiences.

Digital strategy and innovation

Product management and roadmaps

Behavioural research, analysis and journey mapping

Creative design and UX services

Product development and AI accelerated engineering

Envisioning and innovation workshops

Enterprise Applications

Optimising the core of your business with deep functional and technical expertise in Finance, People, Customer and Enterprise Performance Management (EPM).

Reshaping finance for the future

Elevating HR and people operations

Enhancing supply chain management

Amplifying customer touchpoints

Realising value with Data insights and AI

Data x AI

Becoming an intelligent, data driven organisation needs quality data x AI to make better decisions and processes.

Data strategy and architecture

Data engineering

Data analytics and visualisation

Data modernisation

Data governance

AI co-creation services

Cloud Transformation

Adopting, optimising and leveraging Cloud to unlock new or enhanced business value and innovation.

Industry specific cloud

Readiness and enablement

Migration and transformation

Operate and optimise

Specialist services

ASPIRE Managed Services

Reduce time, cost and risk by leveraging our VLA approach to run and optimise traditional and Cloud services to improve business agility and accelerate innovation.

Cloud and infrastructure management and optimisation

Oracle SaaS management and optimisation

Data and AI managed services

EBS, Peoplesoft and JDE managed service

Application management and optimisation

Digital workplace services

Our global technology partners

- Named **AWS Collaboration Partner of the Year 2024**
- Named **Global Microsoft Modernising Applications Partner of the Year Award 2023**
- Named **Microsoft Ireland Partner of the Year 2023 Winner - Social Impact**
- Named **Innovation Partner of the Year Winner - 2023 Oracle EMEA Partner Awards**
- Named **AWS Collaboration Partner of the Year - EMEA 2023**
- Named **AWS Migration Partner of the Year - EMEA 2022**
- Named **OutSystems Partner of the Year 2021**

Microsoft Partner

Azure Expert MSP

As an Azure Expert MSP and the Global Modernising Applications Partner of the Year 2023, Version 1 boasts extensive expertise across the Microsoft stack.

Premier
Consulting
Partner

An AWS Premier Consulting Partner and EMEA Migration Partner of the Year, Version 1's unrivalled expertise boasts deep expertise with 400 certifications and accreditations.

ORACLE | Partner

With 28+ years of Oracle ecosystem expertise, we're a certified Oracle Modern OPN Partner and Cloud Solutions Provider - One of Europe's most distinguished Oracle Cloud partners.

As a Premier Red Hat partner, we are experts in hybrid-cloud models and OpenShift, recognised for driving innovative solutions using Red Hat technologies.

An OutSystems Partner for Sales, Delivery and Quality Apps Program Partner, Version 1 is committed to unlocking value for our customers through low code development.

As a Snowflake Partner Version 1 enables customers to leverage Snowflake's flexibility, performance, and ease of use to deliver more meaningful data insights.
