

Civica College Management

Integrated Student Management for Post-16 Education – Powered by Secure Cloud Technology

Civica College Management is a powerful cloud-based MIS designed to manage the entire learner lifecycle, from recruitment to completion. It streamlines processes, improves compliance and delivers actionable insights to help colleges boost student outcomes and drive operational efficiency.

Managing learner performance while staying GDPR compliant, safeguarding and maintaining standards can feel overwhelming. Stop juggling multiple platforms and wasting time searching for data. Civica College Management is entirely focused on the needs of post-16 education and brings everything together in one secure, centralised system giving you instant access to the information you need.

Why choose Civica College Management?

Purpose-Built for Post-16 Education

Designed for FE colleges, sixth forms and adult education, our system delivers feature-rich functionality out of the box so you can unlock its power quickly. From enquiry and enrolment through to graduation, Civica College Management supports the entire learner journey.

Flexible and Configurable

Built on decades of sector experience, our system offers pre-configured templates yet remains highly adaptable. You can tailor workflows, integrate with third-party applications via APIs and create a solution that meets your unique needs. It supports colleges of all sizes across multiple countries with differing statutory requirements.

Self-Service for Everyone

Empower learners and staff with intuitive online tools. Students can browse courses, apply, enrol and pay online while staff manage and track the learner journey. With our unlimited user licence model, your college is supported no matter its size.

Simple and Intuitive

Our wizard-driven interface makes navigation easy for both occasional and experienced users, reducing training time and improving adoption.

Secure, Scalable Cloud Hosting

Hosted in secure data centres, Civica College Management protects your data and ensures GDPR compliance. Delivered as Software as a Service (SaaS), we manage onboarding, migration, upgrades and ongoing support so you can focus on learner outcomes rather than infrastructure or security.

Drive Growth and Revenue

Improve learner satisfaction and retention with streamlined processes and flexible payment options to secure reliable income and support long-term success.

Efficiencies and Insight

Make smarter choices with real-time dashboards and reporting. Monitor progress, identify trends and act quickly to improve outcomes.

Proven Expertise in Education

With over 20 years supporting further and adult education, Civica understands the challenges colleges face. Our technology and services reduce administration, improve compliance and unlock the value of your data to help you make better decisions and deliver a superior learner experience.

Welcome to Civica

Civica is proud to be the UK's largest software company focused on the public sector, which we have served as a trusted partner for over 30 years.

Our products and services are used by 2.5 million professionals across national, regional and local government, health and care, housing, education and democracy. They deliver improved outcomes for 90 million citizens.

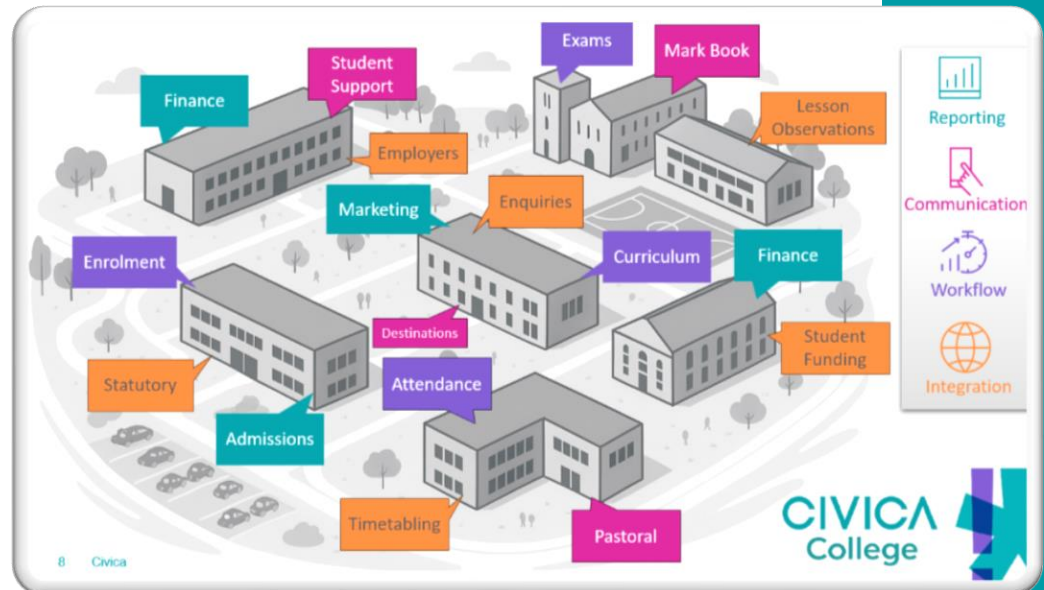

Our deep sector and technology expertise helps our customers to meet unprecedented challenges as they sustain and enhance public services. Through greater digitisation and automation, a growing use of cloud solutions and smart use of data, we help address rising citizen expectations for innovative and efficient public services around the world.

We have a strong commitment to delivering social value and sustainability, which includes supporting our customers' Net Zero ambitions, creating software with sustainability built in and reducing our own impact on the planet.
