

Evolve Security Automation: Pricing

In order to use Evolve, clients will need a subscription to the relevant Evolve modules. While pricing is shown for 12 month terms, billing is on a monthly basis, and clients can pick and choose services within an agreed budget and scope.

A fully managed service is also offered for the majority of modules.

We strongly encourage clients to take out a call-off contract for any additional assistance that might be required. The call off contract can provide facilitation for implementation workshops where an independent facilitator is preferred, or for workshops considering particularly large or complex systems. The call-off can also be used for any client-specific system requirements that might be requested.

Rates and expenses are exclusive of VAT.
