

Epiq AI Pricing

Epiq AI Pricing

SAP Code	Description	Unit of Measure	United Kingdom (GBP)
EQD105	Epiq AI Text Summarization Every 10,000 words is equivalent to one (1) document unit Document unit fees are incurred each time documents are submitted for summarisation. If an individual document is submitted multiple times, it will incur Document unit fees each time.	Document Unit	£0.00
DRS501	Epiq AI Ingestion One-time ingestion fee for documents loaded to an Epiq AI database.	Document	£0.40
DRS502	Epiq AI Hosting 3 months waived. The waived period is assessed at the project level and starts with the 1st month data is ingested into the platform. Hosted document volumes are measured on Peak.	Doc/Month	£0.002
DRS512	Epiq AI Hosting (Dormant) Dormant databases are not accessible by clients. Dormant hosted document volumes are measured on Peak.	Doc/Month	£0.001
DRS504	Epiq AI Chat/QA User User license fees are assessed for each user with access to the Epiq AI Chat function. User fees are charged at the full monthly rate for any portion of the month that license was available for use and are measured on peak. User fees are waived for any Epiq users.	User/Month	£340.00
DRS517	Epiq AI Chat Only One-time fee applied to ALL documents ingested to an Epiq AI collection that enables only the availability of the Chat/QA function. A user license is also required for any client user that requires access to the Chat/QA function and a fee for each user license is charged separately. Note: Automated Review is not included in this fee. If at a later time, Automated Review is needed/requested, any documents to subsequently be enabled for automated review are then promoted to a review collection and charged at the DRS501 fee, in addition to the previously billed DRS517 fee.	Document	£0.12
CON530	Epiq AI - Analyst	Hour	£205.00
CON510	Epiq AI - Consultant	Hour	£340.00
CON520	Epiq AI – Director	Hour	£440.00
