01 Pricing

This document is a Pricing for Residential Data (ResiData) Portal as a Service offered by Landmark Information Group (Landmark) as Software as a Service (SaaS) through the G-Cloud framework.

Landmark is a leading provider of property, land, and environmental data solutions in the UK. For over 25 years, Landmark has been trusted by professionals across legal, property, and environmental sectors to deliver accurate, comprehensive data and insights that support informed decision-making. Our expertise spans geospatial intelligence, risk assessment, and compliance, helping organisations navigate complex property and land challenges with confidence.

Landmark Valuation Services (LVS), part of Landmark Information Group, is the UK's market-leading platform for the secure distribution, management and completion of mortgage valuation reports. Established in 1982 and now central to the LandmarkConnect ecosystem, LVS connects around 250 lenders with over 250 surveying and panel firms, facilitating more than 1.3 million residential valuations annually. LVS offers a comprehensive suite of valuation technologies, including lender instruction modules, Automated Valuation Models, Valuation Risk Models, property-risk APIs (including climate impact), fraud-detection tools, case-management systems, mobile surveying solutions and the Residential Data Portal.
