

Access all the learning resources you need for analytics skills – with a single purchase.

SAS® Learning Subscriptions on G-Cloud

From training new hires to helping current employees expand their skills, our learning subscriptions are a convenient, cost-effective way to get everyone up to speed. With a SAS Analytics Premium Learning Subscription, employees appreciate the opportunity to learn, and managers love the ability to track progress and meet development goals. The SAS Premium Learning Subscription includes access to a wide range of learning and development resources including Learning Needs Assessment, learning dashboard, digital learning, live web classes, learner reporting and business value and return on investment metrics.

SAS® Learning Subscription

The SAS Learning Subscription provides access to 360+ eLearning course titles, laboratory environments for interactive, hands-on skills development, learning dashboard and learner reporting.

SAS® Content Subscription

SAS Content Subscriptions align to specific SAS software interfaces or job roles. The Subscriptions include digital learning and laboratory environments for interactive, hands-on skills development.

Tailor a blend of learning activities

When your team is skilled in analytics, it is easy to seize opportunities and gain an edge. The annual subscription offers unlimited use of SAS' digital learning portfolio with access to SAS' experienced learning consultants.

You can purchase the Subscriptions combined with other SAS software or as a stand-alone offering. Discounts grow with the increasing number of Subscription users. Please see the separate Pricing document.

About SAS Customer Education

We are the only authorised and licensed provider of SAS training in the UK by SAS Institute Inc. Our preferred engagement approach is to transfer our SAS knowledge and skills to our customers to enable them to become self-sufficient rather than reliant on third-parties.

Our learning interventions are supported by access to SAS social learning communities which provide ongoing learning support and continuous professional development – free of charge.

SAS has SC and DV cleared resources available to support your SAS learning needs.

Benefits of SAS' Learning Approach

Using a Subscription's will help you to:

- Understand current position and define future skills development approaches
- Understand skills, capabilities, responsibilities, operating model and benchmark metrics
- Develop ongoing development plans and career succession
- Access a one-stop, interactive, resource hub with convenient and flexible access
- Flexible or prescriptive learning outcomes aligned to your skills framework
- Grow skills and standardise best practice in SAS 9, SAS Viya and open-source software
- Build strong, self-sufficient data practitioner and analytical communities
- Improve employee retention and engagement
- Maximise individual engagement, performance and productivity
- Organisation-wide learner management information
- Calculate the value of learning aligned to your organisational outcomes
- Take full advantage of the SAS platform to generate insight and value.
