9	5000+	£199,040	£255,908	£312,777	£369,645	XL

From band 2-8, there is a 20% discount when going from 1 module to 2, followed by a 25% discount when going from 2 to 3 modules, and a 30% discount when going from 3 to 4. Discount is applied to the starting module, before being added. For example, a customer in band 2 pays £20,000 for 1 module. If they add another module, they get this for 80% of the cost of the first (£16,000 for 2nd module), and this gets added to their current spend (£36,000 overall). If they then add a third module, they will get this for 75% of the cost of the first (£15,000 for 3rd module) before adding to their current spend (£51,000 total spend).

Note

- The Unit Price set out in the above tables are an annual price per module
