

G-Cloud 15

Coder

Description and Pricing

Coder is a cloud-agnostic developer platform enabling public sector organisations to run secure, AI-enabled development environments on their own approved infrastructure. By ensuring source code, data, and AI workloads remain within UK-controlled clouds or data centres, Coder supports data sovereignty, security compliance, and modern developer productivity at scale.

Pricing

Licenses:

Coder has 2 versions and 1 add-on pack.

1: Coder Open Source - Free of charge.

2: Coder Premium - \$1200 / user / annum / instance.

3: Coder AI Governance Pack - \$600 / User / annum - (requires 2: Coder Premium).

We list the differences between 1 & 2 here:

<https://coder.com/pricing>

Support:

Coder Open Source does not include support.

Coder Premium includes access to Customer Success and 24x7 Support with SLA's.
