

SoftwareOne Cloud Migration Services for Azure

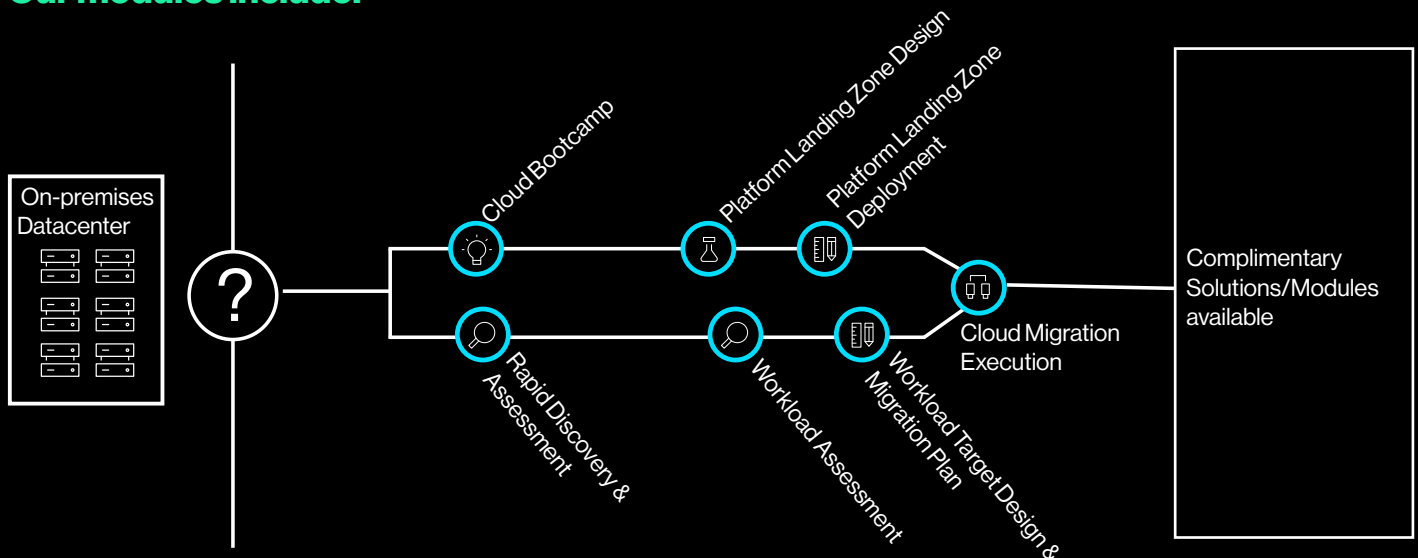

Your Path to Innovation and Growth with Tailored Migration Solutions

Are you ready to transition from your on-premises datacentres to Azure, or are you looking to move expiring licences to Azure? Our Cloud Migration Services for Azure is the ideal solution. We are here to guide your organisation through your cloud migration journey, offering expert advice and seamless workload migration.

Our Cloud Migration Solutions for Azure employs a modular approach, providing the flexibility to meet you at any stage of your cloud journey. This approach allows you to select the specific modules you need, ensuring a customised experience that aligns with your unique requirements.

These services ensure a smooth transition to Azure with minimal disruption. From assessing your current infrastructure to optimising your cloud architecture, we help you avoid common pitfalls, reduce costs, and achieve a faster, more secure migration. With our support, you can unlock the full potential of Azure, empowering your business to innovate and scale operations with confidence.

Our modules include:

Helping your organisation achieve successful business outcomes through Azure

Drive digital transformation & innovation through a seamless Azure migration to gain better, actionable insights from your data using AI

Ensure operational efficiency and business continuity by identifying, developing secure and compliant strategies optimizing infrastructure and costs and enhancing agility.

A trusted Azure advisor by your side navigating Microsoft technology and incentives to achieve your success

Why should your organisation design and deploy your Azure Landing Zone with SoftwareOne?

- Azure Expert MSP since 2017
- Contributor to the Microsoft Intelligent Security Association (MISA)
- A total of 2900+ Azure certifications globally
- Azure cloud journey partner: Migrate, modernise and optimise in the cloud
- Solutions partner with all 6 Microsoft competencies
- Local and global services, from AI consulting to cloud and licence optimisation
- 30+ year partnership with Microsoft that can help you leverage funding to achieve your goals more cost effectively

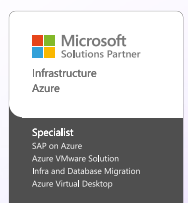

“Migrating to Microsoft Azure will enable us to significantly improve our ability to adapt to business requirements and efficiently scale services across national borders. This is crucial for the further development of our company. We expect the implementation to result in dynamic resource management, increased operational efficiency, and the provision of first-class services in European markets”

– **Thomas Steiner, Executive Director Technology, HIGHVOLT Prüftechnik Dresden**
