

SoftwareOne Copilot Solution

Turn your AI investment into real-world results

Deploy. Adopt. Optimise.

Too many organisations invest in AI tools like Microsoft 365 Copilot and Power Platform but struggle to deploy them effectively. Without the right guidance, deployments stall, adoption lags, and business value remains unrealised.

The **Copilot Deployment Accelerator** solves this by providing expert-led, Microsoft co-funded tailored engagements that ensure secure deployment, user adoption, and measurable impact.

Who it's for

Organisations with 500+ Microsoft 365/O365 users looking to:

- Deploy or scale Copilot, Copilot Chat, Copilot Studio agents, or Power Platform
- Drive adoption and realise business value.

Expected outcomes

- Deployed and adopted Copilot and/or Power Platform solutions
- Increased Copilot Chat Monthly Active Usage (MAU)
- Custom-built agents or Power Platform apps
- Improved security and governance posture
- Measurable business value and user engagement

Engagement format

- 1:1 delivered by a certified and trained practitioner
- Duration: 20 to 200 hours depending on project size and scope
- Funding eligibility subject to qualification

What we cover

Technical deployment of Microsoft 365 Copilot, Copilot Chat, agents, and/or Power Platform

Security, compliance, and governance setup

Development of agents and Power Platform solutions

End-user training and adoption strategy (e.g., prompt-a-thons, lunch & learns)

Change management and analytics configuration

Post-deployment optimisation and reporting

Ready to accelerate your AI deployment?

Let's turn your AI vision into measurable business outcomes. Securely, strategically and successfully.

Request your Copilot Deployment Accelerator today.
