

Performance Engineering and Testing as a Service

Edge Testing Solutions Ltd trading as Resillion provides a Performance Engineering and Testing-as-a-Service that is designed to target and solve performance defects at any stage of the software development lifecycle. With options for testing on cloud, the services include Load Testing, Stress Testing, Volume Testing, Soak Testing, Scalability Testing and Capacity Planning.

Within our Performance Testing-as-a-Service we are able to support performance testing legacy systems, enterprise systems through to the latest app based technology. Our consultants have a vast wealth of experience that can be leveraged to help you select the most appropriate tools, devise an approach that support the objectives of the test, suggest areas to target based on anticipated usage and system architecture as well supporting the translation of results. The service can be carried out onsite, offsite and / or offshore providing a very flexible and cost effective solution.

Features:	Benefits:
• Full-cycle performance testing services • Define a performance testing strategy aligned with your business requirements. • Collective agreement of performance targets, advising and tuning the system. • Consultants experienced in the latest techniques advising on efficient approaches. • Proven open-source frameworks for performance testing acceleration and optimisation • On-demand performance testing services	• Deep expertise in performance testing delivery • Expertise in architecting complex performance testing solutions • Strategic alliances and partnerships with leading tool vendors • Testing as a service & pay per use service options • Proprietary processes & techniques to generate load across geographies • Provide scale and stress models supporting ramp-up and marketing plans. • Offshore capability provides a strong cost effective solution.

Pricing

The pricing model adopted for each engagement is based on the specific project requirements and can be delivered on either a time and materials or fixed price basis. Please see the attached Pricing document.

About Resillion
