

Test Consultancy Services

Edge Testing Solutions Ltd trading as Resillion provides the client with industry leading expertise through its **Test Consultancy Services**. We employ some of the leading thought leaders within the testing industry and deploy them to support our client base. The actual services employed by our Test Consultants are many and varied and include:

- Test Healthcheck – manage the application of Resillion’s Process Improvement Model – this is covered in detail in separate Test Healthcheck Service
- Ensure a client is ‘discipline’ ready – for example ensuring ‘Agile Readiness’ – this focuses on supporting a client understand where they are from a point of view of ‘safe place’ and ‘better place’ to introduce an unfamiliar yet beneficial discipline at enterprise level
- Overseeing the creation of an enterprise level test policy that can be used and shared with the client’s own end customers and provide key rulings how quality assurance is assured throughout the company
- Support, advise and reinvigorate projects in need of help – focuses on highlighting key aspects of where projects are failing and require immediate quick win tactical change and also strategic change to ensure future risks do not become actual issues – typically undertaken by aligning to a healthcheck (where there is time) or applying immediate fix solutions on landing at the client site
- Oversee the introduction of a key discipline – an example of this is the introduction of risk based testing throughout the client’s SDLC – typically new approaches need selling and evangelism to achieve the take up needed to make them a success – this is a key skill for our Test Consultants in being able to sell new and innovative approaches and creating client ‘champions’
- Industry driven champions – our Test Consultants are industry experts in their own right being able to align test expertise to Public Sector experience gained over many years of working at both government and local government level.

Pricing

The pricing model adopted for each engagement is based on the specific project requirements and can be delivered on either a time and materials or fixed price basis. Please see the attached Pricing document.
