1. Pricing Models

Infosys supports a wide range of commercial models - Fixed Price, Unit of Work, Outcome based, IP, SaaS etc. For Infosys Wingspan, the commercials are derived from it being a SaaS delivered platform. The commercials construct is as below.

The one-time Implementation fee is to provision the Infosys Wingspan instance on the AWS Public cloud.

The recurring annual subscription is based on the volume of users where we provide two options:

1. A user-tier based approach and
2. An enterprise licensing approach (for more than 25,000 users)

Additionally, other services, like, Commodity content (Partner), Lab-on-Cloud setup, and all the AI Services and capabilities are priced separately based on the client requirements.

Typical rates are as below.

Description	Price
One-Time Implementation Includes: - Dedicated instance on public cloud managed by Infosys - Set up of Dev/QA/Staging/Production environment. - Access provisioning for users - Configuration of the platform (branding, users, UI etc.) - Deploy Out of the Box features, configurations, integrations and new development - Wingspan mobile apps on iOS and Android.	£30,000 to £60,000

Description	Price
Recurring Subscription for the platform access	Per user per year
Upto 1000 users	£107
1001 to 5000 users	£89
5001 to 10000 users	£72
10001 to 15000 users	£54
15001 to 20000 users	£43

The enterprise pricing applies to above 20,000 users and it is a fixed amount of £499,500 per annum
