

Cyber Essentials Scheme

Component Pricing

Please note that Intertek NTA is a CE+ Certification Body licensed by The IASME Consortium, Cyber Essentials Partner to the National Cyber Security Centre (NCSC). Therefore, the following components are required for each certificate/badge level:

Cyber Essentials 	Self-Assessment Questionnaire (SAQ) Review
Cyber Essentials PLUS 	SAQ Review + External Scan + Onsite Workstation Review
COMPONENT	PRICE
Pre-Assessment Support	
<u>WITH Support:</u> Initial review of completed SAQ form with feedback as to areas of weakness that may cause a 'fail', plus advice on what to expect from test elements. The client may choose not to continue with the assessment following this pre-assessment support, in which case only this support line item will be invoiced. If the client wishes to continue with the assessment, time will be allowed for mitigating steps to be implemented before the SAQ is resubmitted for formal review under the below line item.	£600
<u>WITHOUT Support:</u> No support or guidance provided – client submits SAQ and scoping details for external scan and optional internal workstation/endpoint review. NTA conducts assessment and notifies of pass/fail status.	£0
Self-Assessment Questionnaire (SAQ) Review	
SAQ Assessment (dependent on size of organisation, based on IASME guidance)	£320 - £600
<u>Re-Assess (if fail)</u>	As above
External Scan	
Scan < 4 active hosts/IPs	£200
Scan < 8 active hosts/IPs	£400
Scan < 12 active hosts/IPs	£600

Scan < 16 active hosts/IPs	£800
Scan < 20 active hosts/IPs	£1,000
Scan > 20 active hosts/IPs	£POA
Re-Scan (if fail)	As above
Onsite User Device Review (incl. BYOD)	
Onsite Test < 3 devices (1x desktop + 1x laptop + 1x mobile phone/tablet) – South East England*	£800
Onsite Test < 3 devices (1x desktop + 1x laptop + 1x mobile phone/tablet) – Central & Southern England*	£900
Onsite Test < 3 devices (1x desktop + 1x laptop + 1x mobile phone/tablet) – West Country, Wales, Northern England, Scotland*	£995
Re-Test (if fail)	As above
*Onsite work includes expenses	

- 1) All prices ex VAT
- 2) If a single element fails, this element may be repurchased and reassessed provided this is conducted within two weeks of the fail notification. Otherwise, full reassessment to be purchased.
- 3) Certificates should be reapplied for every 12 months, and this involves a repeat of the above steps and costs.

Example Packages

	<u>Without Support</u> <i>South East England</i> <4 external scan hosts <3 user devices	<u>With Support</u> <i>South East England</i> <4 external scan hosts <3 user devices
Cyber Essentials	£320	£920
Cyber Essential Plus	£1,320	£1,920

NOTE: Above pricing covers standard scenarios for SMEs. For more complex scenarios or large organisations where it is required to exclude certain locations or networks from the scope, or where larger system numbers or BYOD estates are being used, tailored pricing may need to be provided.
