Cloud Application Services

Service Description

This document contains confidential and propriety information for the purpose of evaluation only.
The contents of this document may not be published, disclosed or used for any other purpose.

Foreword

This proposal has been prepared by HCLTech, for the sole use of Crown Commercial Service (CCS). The contents of this document shall remain the confidential property of HCLTech and should not be communicated to any other party without the prior written approval of HCLTech.

The furnishing of this document shall be subject to contract and shall not be construed as an offer or as constituting a binding agreement on the part of HCLTech to enter into any relationship.

HCLTech warrants that, to the best of their knowledge, those who prepared this document have taken all reasonable care in preparing it, have made all reasonable enquiries to establish the veracity of the statements contained in it and believe its contents to be true. (HCLTech cannot however warrant the truth of matters outside of its control and accordingly does not warrant the truth of all statements set out in this document to the extent that such statements derive from facts and matters supplied by other persons to HCLTech. The statements in this document are qualified accordingly.)

Validity

This proposal and all information contained within are valid for a period of 180 days from January 30, 2026.

About HCL

HCL Technologies is a next-generation global technology company that helps enterprises reimagine their businesses for the digital age. Our technology products, services and engineering are built on four decades of innovation, with a world-renowned management philosophy, a strong culture of invention and risk-taking, and a relentless focus on customer relationships.

Powered by a global team of 225,000+ diverse and passionate people across 60 countries, we deliver smarter, better ways for all our stakeholders to benefit from technology. With a worldwide network of Research and Development (R&D), innovation labs and delivery centres, along with expertise in Digital, Engineering and Cloud, we deliver solutions that fulfil the traditional, transformational and future needs of clients across the globe.

Our applications services enable some of the largest and most complex organisations in both the Public and Private Sectors globally. Our applications services cover everything from consultancy and advisory through to bespoke development. Clients include:

- Deutsche Bank
- Volvo
- Derbyshire County Council
- Sovereign Housing
- Department of Health Social Services and Public Safety Northern Ireland
- Transport for London
- Royal Mail Group
- Greater Manchester Police
- Kent and Essex Police
- Cadent Gas
- Microsoft
- McDonalds
- BBC
- United Utilities
- Scotia Gas Network.

HCL Cloud Application Services Overview

Cloud Computing provides many benefits, including flexibility, scalability and a lower cost of ownership. HCLTech provides the full range of application services to help clients take advantage of this. We have developed frameworks and toolsets that take the uncertainty out of developing, migrating and supporting applications in a cloud environment.
