

Overview & Pricing

Safedrop — Secure Web Forms (2026)

SafeDrop forms is a **UK-hosted, Zero Trust file sharing and secure web form platform** designed for public sector, legal, and enterprise organisations that need end-to-end encrypted file transfers with full compliance and audit trails.

Easy to use, but engineered to meet **CJSM, GDPR, and ISO 27001** standards.

Each webform allows 100 submissions per month. Additional boltons available.

Users	Safedrop web forms per user / mo	Premium Support (24x7x365)	Bolton (Add 1,000 submissions/mo) Priced per bolton per month
5-24	£38	+20%	£750
25-49	£35	+20%	£750
50-99	£33	+20%	£750
100-249	£30	+20%	£750
250-499	£27	+20%	£750
500-999	£25	+20%	£750
1,000-2,499	£22	+20%	£750
2,500-4,999	£20	+20%	£750
>5,000	£18	+20%	£750

All plans include UK-only hosting, Zero Trust architecture, and GDPR-compliant controls.

Total allowed storage - 1Gb per user
Additional storage = £100 per 10Gb per month

Key Benefits

- **True Zero Trust design:** Every file and message is encrypted client-side — only sender and recipient hold keys.
 - **Sovereign UK hosting:** All data, metadata, and backups remain within UK jurisdiction.
 - **Built for secure collaboration:** Ideal for councils, NHS, law enforcement, and government contractors.
 - **Easy to use:** Form submitters don't need an account — perfect for external partners and citizens.
 - **Audit-ready:** Full logs, traceability, and role-based access control built in.
-
