

Customer Experience (CX) Platform for the Public Sector

SmartSurvey **Public Sector CX Plan**

Measure, understand and improve service experience.

SmartSurvey provides a secure Customer Experience (CX) platform for public sector organisations to measure, manage and improve the experience of citizens, patients, service users and customers across services and channels.

Capture experience data, track performance, identify issues and monitor improvement using real-time dashboards and reporting. Support service improvement, governance and accountability with one secure, enterprise-grade platform. SmartSurvey is ISO 27001 and Cyber Essentials Plus certified and exceeds NHS DSP Toolkit requirements, ensuring the highest standards of security and compliance.
