

Pricing Guide

Secure Access Service Edge (SASE) Managed Service

- Pricing of the design and implementation of the solution as part of the service is per resource, per day, and scoped during initial engagement phase.
- Total cost of the managed service is dependent on the solution requirements:
 - Vendor selection
 - Number of end users
 - SSE main licensed components: CASB, ZTNA and SWG.
 - Number of SD-WAN locations
 - Service tier
- Pricing excludes technology; however, this is usually incorporated into the price for the service
