

Armis price list

Product Family	Product Name	Product Description	Unit of Measure	Price	Product Code
Network Ports	Network Ports - 1-50 Tier	Additional Network Ports to supplement the customers requirement	Per Port	£2,555.00	ARM-NP-AB-Tier1
Network Ports	Network Ports - 51-100 Tier	Additional Network Ports to supplement the customers requirement	Per Port	£2,409.00	ARM-NP-AB-Tier2
Network Ports	Network Ports - 100+ Tier	Additional Network Ports to supplement the customers requirement	Per Port	£2,263.00	ARM-NP-AB-Tier3
Armis Asset Management and Security	Armis Asset Management- 500-1499 Assets, 1 Network Port	Armis for Asset Management consolidates asset data into one complete, de-duplicated and authoritative asset map. Creates a complete asset inventory of all asset types from the ground to the cloud ensuring the entire attack surface is both defended and managed in real time. Complete visibility into assets behaviors and risk management based on business context, threat and vulnerability insights and the collective intelligence of billions of assets monitored by the Armis Asset Intelligence Engine.	Asset Block	£18,980.00	ARM-AM-AB-1499
Armis Asset Management and Security	Armis Asset Management- 1500-2499 Assets, 1 Network Port	Armis for Asset Management consolidates asset data into one complete, de-duplicated and authoritative asset map. Creates a complete asset inventory of all asset types from the ground to the cloud ensuring the entire attack surface is both defended and managed in real time. Complete visibility into assets behaviors and risk management based on business context, threat and vulnerability insights and the collective intelligence of billions of assets monitored by the Armis Asset Intelligence Engine.	Asset Block	£25,550.00	ARM-AM-AB-2499
Armis Asset Management and Security	Armis Asset Management- 2500-9999 Assets, 1 Network Port	Armis for Asset Management consolidates asset data into one complete, de-duplicated and authoritative asset map. Creates a complete asset inventory of all asset types from the ground to the cloud ensuring the entire attack surface is both defended and managed in real time. Complete visibility into assets behaviors and risk management based on business context, threat and vulnerability insights and the collective intelligence of billions of assets monitored by the Armis Asset Intelligence Engine.	Asset Block	£36,500.00	ARM-AM-AB-9999
Armis Asset Management and Security	Armis Asset Management- 10000-14999 Assets, 1 - 5 Network Ports	Armis for Asset Management consolidates asset data into one complete, de-duplicated and authoritative asset map. Creates a complete asset inventory of all asset types from the ground to the cloud ensuring the entire attack surface is both defended and managed in real time. Complete visibility into assets behaviors and risk management based on business context, threat and vulnerability insights and the collective intelligence of billions of assets monitored by the Armis Asset Intelligence Engine.	Asset Block	£67,890.00	ARM-AM-AB-14999
Armis Asset Management and Security	Armis Asset Management- 15000-24999 Assets, 1 - 8 Network Ports	Armis for Asset Management consolidates asset data into one complete, de-duplicated and authoritative asset map. Creates a complete asset inventory of all asset types from the ground to the cloud ensuring the entire attack surface is both defended and managed in real time. Complete visibility into assets behaviors and risk management based on business context, threat and vulnerability insights and the collective intelligence of billions of assets monitored by the Armis Asset Intelligence Engine.	Asset Block	£92,345.00	ARM-AM-AB-24999
Armis Asset Management and Security	Armis Asset Management- 25000-49999 Assets, 1 - 12 Network Ports	Armis for Asset Management consolidates asset data into one complete, de-duplicated and authoritative asset map. Creates a complete asset inventory of all asset types from the ground to the cloud ensuring the entire attack surface is both defended and managed in real time. Complete visibility into assets behaviors and risk management based on business context, threat and vulnerability insights and the collective intelligence of billions of assets monitored by the Armis Asset Intelligence Engine.	Asset Block	£124,100.00	ARM-AM-AB-49999

Armris Asset Management and Security	Armris Asset Management- 50000-99999 Assets, 1 - 15 Network Ports	Armris for Asset Management consolidates asset data into one complete, de-duplicated and authoritative asset map. Creates a complete asset inventory of all asset types from the ground to the cloud ensuring the entire attack surface is both defended and managed in real time. Complete visibility into assets behaviors and risk management based on business context, threat and vulnerability insights and the collective intelligence of billions of assets monitored by the Armris Asset Intelligence Engine.	Asset Block	£186,150.00	ARM-AM-AB-99999
Armris Asset Management and Security	Armris Asset Management- 100000-199999 Assets, 1 - 15 Network Ports	Armris for Asset Management consolidates asset data into one complete, de-duplicated and authoritative asset map. Creates a complete asset inventory of all asset types from the ground to the cloud ensuring the entire attack surface is both defended and managed in real time. Complete visibility into assets behaviors and risk management based on business context, threat and vulnerability insights and the collective intelligence of billions of assets monitored by the Armris Asset Intelligence Engine.	Asset Block	£277,400.00	ARM-AM-AB-199999
Armris Asset Management and Security	Armris Asset Management- 200000-399999 Assets, 1 - 15 Network Ports	Armris for Asset Management consolidates asset data into one complete, de-duplicated and authoritative asset map. Creates a complete asset inventory of all asset types from the ground to the cloud ensuring the entire attack surface is both defended and managed in real time. Complete visibility into assets behaviors and risk management based on business context, threat and vulnerability insights and the collective intelligence of billions of assets monitored by the Armris Asset Intelligence Engine.	Asset Block	£430,700.00	ARM-AM-AB-399999
Armris Asset Management and Security	Armris Asset Management- 400000-699999 Assets, 1 - 20 Network Ports	Armris for Asset Management consolidates asset data into one complete, de-duplicated and authoritative asset map. Creates a complete asset inventory of all asset types from the ground to the cloud ensuring the entire attack surface is both defended and managed in real time. Complete visibility into assets behaviors and risk management based on business context, threat and vulnerability insights and the collective intelligence of billions of assets monitored by the Armris Asset Intelligence Engine.	Asset Block	£616,850.00	ARM-AM-AB-699999
Armris Asset Management and Security	Armris Asset Management- 700000-999999 Assets, 1 - 20 Network Ports	Armris for Asset Management consolidates asset data into one complete, de-duplicated and authoritative asset map. Creates a complete asset inventory of all asset types from the ground to the cloud allowing a complete, real time, visibility into the attack surface. Complete visibility into assets behaviors, vulnerabilities and risks based on business context, threat and vulnerability insights and the collective	Asset Block	£766,500.00	ARM-AM-AB-999999
Armris Asset Management and Security	Armris Asset Management- 1000000-1299999 Assets, 1 - 20 Network Ports	Armris for Asset Management consolidates asset data into one complete, de-duplicated and authoritative asset map. Creates a complete asset inventory of all asset types from the ground to the cloud ensuring the entire attack surface is both defended and managed in real time. Complete visibility into assets behaviors and risk management based on business context, threat and vulnerability insights and the collective intelligence of billions of assets monitored by the Armris Asset Intelligence Engine.	Asset Block	£861,400.00	ARM-AM-AB-1299999
Armris Asset Management and Security	Armris Asset Management- 1300000+ Assets	Armris for Asset Management consolidates asset data into one complete, de-duplicated and authoritative asset map. Creates a complete asset inventory of all asset types from the ground to the cloud ensuring the entire attack surface is both defended and managed in real time. Complete visibility into assets behaviors and risk management based on business context, threat and vulnerability insights and the collective intelligence of billions of assets monitored by the Armris Asset Intelligence Engine.	Asset Block	Supplier to be engaged	ARM-AM-AB-130000
Armris OT/IOT Device Security	Armris OT/IOT - XS Site- 1-50 Site Tier	See and secure IOT/OT environments, stay ahead of risks and build an effective and comprehensive security strategy. Secure cyber-physical assets by achieving full visibility across OT, IoT and BMS assets while bridging the IT/OT gap. Control, monitor and protect critical OT assets such as industrial controls, BMS and critical infrastructure using the industry's most advanced cyber exposure platform. Up to 1 Network Port included and asset cap of 100 assets unless otherwise noted	Site	£2,555.00	ARM-OT-XS-T1
Armris OT/IOT Device Security	Armris OT/IOT - XS Site- 51-100 Site Tier	See and secure IOT/OT environments, stay ahead of risks and build an effective and comprehensive security strategy. Secure cyber-physical assets by achieving full visibility across OT, IoT and BMS assets while bridging the IT/OT gap. Control, monitor and protect critical OT assets such as industrial controls, BMS and critical infrastructure using the industry's most advanced cyber exposure platform. Up to 1 Network Port included and asset cap of 100 assets unless otherwise noted	Site	£2,409.00	ARM-OT-XS-T2
Armris OT/IOT Device Security	Armris OT/IOT - XS Site- 101+ Site Tier	See and secure IOT/OT environments, stay ahead of risks and build an effective and comprehensive security strategy. Secure cyber-physical assets by achieving full visibility across OT, IoT and BMS assets while bridging the IT/OT gap. Control, monitor and protect critical OT assets such as industrial controls, BMS and critical infrastructure using the industry's most advanced cyber exposure platform. Up to 1 Network Port included and asset cap of 100 assets unless otherwise noted	Site	£2,263.00	ARM-OT-XS-T3

Armis OT/IOT Device Security	Armis OT/IOT - Small Site- 1-50 Site Tier	See and secure IOT/OT environments, stay ahead of risks and build an effective and comprehensive security strategy. Secure cyber-physical assets by achieving full visibility across OT, IoT and BMS assets while bridging the IT/OT gap. Control, monitor and protect critical OT assets such as industrial controls, BMS and critical infrastructure using the industry's most advanced cyber exposure platform. Up to 2 Network Ports included and asset cap of 500 assets unless otherwise noted	Site	£5,475.00	ARM-OT-S-T1
Armis OT/IOT Device Security	Armis OT/IOT - Small Site- 51-100 Site Tier	See and secure IOT/OT environments, stay ahead of risks and build an effective and comprehensive security strategy. Secure cyber-physical assets by achieving full visibility across OT, IoT and BMS assets while bridging the IT/OT gap. Control, monitor and protect critical OT assets such as industrial controls, BMS and critical infrastructure using the industry's most advanced cyber exposure platform. Up to 2 Network Ports included and asset cap of 500 assets unless otherwise noted	Site	£5,183.00	ARM-OT-S-T2
Armis OT/IOT Device Security	Armis OT/IOT - Small Site- 101+ Site Tier	See and secure IOT/OT environments, stay ahead of risks and build an effective and comprehensive security strategy. Secure cyber-physical assets by achieving full visibility across OT, IoT and BMS assets while bridging the IT/OT gap. Control, monitor and protect critical OT assets such as industrial controls, BMS and critical infrastructure using the industry's most advanced cyber exposure platform. Up to 2 Network Ports included and asset cap of 500 assets unless otherwise noted	Site	£4,891.00	ARM-OT-S-T3
Armis OT/IOT Device Security	Armis OT/IOT - Med Site- 1-50 Site Tier	See and secure IOT/OT environments, stay ahead of risks and build an effective and comprehensive security strategy. Secure cyber-physical assets by achieving full visibility across OT, IoT and BMS assets while bridging the IT/OT gap. Control, monitor and protect critical OT assets such as industrial controls, BMS and critical infrastructure using the industry's most advanced cyber exposure platform. Up to 5 Network Ports included and asset cap of 2,625 assets unless otherwise noted	Site	£18,250.00	ARM-OT-M-T1
Armis OT/IOT Device Security	Armis OT/IOT - Med Site- 51-100 Site Tier	See and secure IOT/OT environments, stay ahead of risks and build an effective and comprehensive security strategy. Secure cyber-physical assets by achieving full visibility across OT, IoT and BMS assets while bridging the IT/OT gap. Control, monitor and protect critical OT assets such as industrial controls, BMS and critical infrastructure using the industry's most advanced cyber exposure platform. Up to 5 Network Ports included and asset cap of 2,625 assets unless otherwise noted	Site	£17,374.00	ARM-OT-M-T2
Armis OT/IOT Device Security	Armis OT/IOT - Med Site- 101+ Site Tier	See and secure IOT/OT environments, stay ahead of risks and build an effective and comprehensive security strategy. Secure cyber-physical assets by achieving full visibility across OT, IoT and BMS assets while bridging the IT/OT gap. Control, monitor and protect critical OT assets such as industrial controls, BMS and critical infrastructure using the industry's most advanced cyber exposure platform. Up to 5 Network Ports included and asset cap of 2,625 assets unless otherwise noted	Site	£16,498.00	ARM-OT-M-T3
Armis OT/IOT Device Security	Armis OT/IOT - Large Site- 1-50 Site Tier	See and secure IOT/OT environments, stay ahead of risks and build an effective and comprehensive security strategy. Secure cyber-physical assets by achieving full visibility across OT, IoT and BMS assets while bridging the IT/OT gap. Control, monitor and protect critical OT assets such as industrial controls, BMS and critical infrastructure using the industry's most advanced cyber exposure platform. Up to 12 Network Ports included and asset cap of 25,000 assets unless otherwise noted	Site	£41,610.00	ARM-OT-L-T1
Armis OT/IOT Device Security	Armis OT/IOT - Large Site- 51-100 Site Tier	See and secure IOT/OT environments, stay ahead of risks and build an effective and comprehensive security strategy. Secure cyber-physical assets by achieving full visibility across OT, IoT and BMS assets while bridging the IT/OT gap. Control, monitor and protect critical OT assets such as industrial controls, BMS and critical infrastructure using the industry's most advanced cyber exposure platform. Up to 12 Network Ports included and asset cap of 25,000 assets unless otherwise noted	Site	£39,566.00	ARM-OT-L-T2
Armis OT/IOT Device Security	Armis OT/IOT - Large Site- 101+ Site Tier	See and secure IOT/OT environments, stay ahead of risks and build an effective and comprehensive security strategy. Secure cyber-physical assets by achieving full visibility across OT, IoT and BMS assets while bridging the IT/OT gap. Control, monitor and protect critical OT assets such as industrial controls, BMS and critical infrastructure using the industry's most advanced cyber exposure platform. Up to 12 Network Ports included and asset cap of 25,000 assets unless otherwise noted	Site	£37,595.00	ARM-OT-L-T3
Armis OT/IOT Device Security	Armis OT/IOT - XL Site- 1-50 Site Tier	See and secure IOT/OT environments, stay ahead of risks and build an effective and comprehensive security strategy. Secure cyber-physical assets by achieving full visibility across OT, IoT and BMS assets while bridging the IT/OT gap. Control, monitor and protect critical OT assets such as industrial controls, BMS and critical infrastructure using the industry's most advanced cyber exposure platform. Up to 16 Network Ports included and asset cap of 50,000 assets unless otherwise noted	Site	£55,480.00	ARM-OT-XL-T1
Armis OT/IOT Device Security	Armis OT/IOT - XL Site- 51-100 Site Tier	See and secure IOT/OT environments, stay ahead of risks and build an effective and comprehensive security strategy. Secure cyber-physical assets by achieving full visibility across OT, IoT and BMS assets while bridging the IT/OT gap. Control, monitor and protect critical OT assets such as industrial controls, BMS and critical infrastructure using the industry's most advanced cyber exposure platform. Up to 16 Network Ports included and asset cap of 50,000 assets unless otherwise noted	Site	£52,706.00	ARM-OT-XL-T2

Armris OT/IOT Device Security	Armris OT/IOT - XL Site- 101+ Site Tier	See and secure IOT/OT environments, stay ahead of risks and build an effective and comprehensive security strategy. Secure cyber-physical assets by achieving full visibility across OT, IoT and BMS assets while bridging the IT/OT gap. Control, monitor and protect critical OT assets such as industrial controls, BMS and critical infrastructure using the industry's most advanced cyber exposure platform. Up to 16 Network Ports included and asset cap of 50,000 assets unless otherwise noted	Site	£50,078.00	ARM-OT-XL-T3
Armris Medical Device Security	Armris MDS - X-Small Facility, Up to 50 Facilities Tier	Complete visibility and maximize security across all medical devices, clinical assets and the entire healthcare device ecosystem - with zero disruption to patient care. Includes complete visibility and security across all medical and clinical assets, analysis of the network for smart segmentation, monitor asset behavior and assess device MDS2 properties and FDA compliance, protect patient safety and ensure privacy. Up to 1 Network Port included unless otherwise noted.	Site	£7,300.00	ARM-MDS-XS-T1
Armris Medical Device Security	Armris MDS - X-Small Facility, 51 - 100 Facilities Tier	Complete visibility and maximize security across all medical devices, clinical assets and the entire healthcare device ecosystem - with zero disruption to patient care. Includes complete visibility and security across all medical and clinical assets, analysis of the network for smart segmentation, monitor asset behavior and assess device MDS2 properties and FDA compliance, protect patient safety and ensure privacy. Up to 1 Network Port included unless otherwise noted.	Site	£6,935.00	ARM-MDS-XS-T2
Armris Medical Device Security	Armris MDS - X-Small Facility - 101+ Facilities Tier	Complete visibility and maximize security across all medical devices, clinical assets and the entire healthcare device ecosystem - with zero disruption to patient care. Includes complete visibility and security across all medical and clinical assets, analysis of the network for smart segmentation, monitor asset behavior and assess device MDS2 properties and FDA compliance, protect patient safety and ensure privacy. Up to 1 Network Port included unless otherwise noted.	Site	£6,570.00	ARM-MDS-XS-T3
Armris Medical Device Security	Armris MDS - Small Facility, Up to 50 Facilities Tier	Complete visibility and maximize security across all medical devices, clinical assets and the entire healthcare device ecosystem - with zero disruption to patient care. Includes complete visibility and security across all medical and clinical assets, analysis of the network for smart segmentation, monitor asset behavior and assess device MDS2 properties and FDA compliance, protect patient safety and ensure privacy. Up to 3 Network Ports included unless otherwise noted.	Site	£20,805.00	ARM-MDS-S-T1
Armris Medical Device Security	Armris MDS - Small Facility, 51 - 100 Facilities Tier	Complete visibility and maximize security across all medical devices, clinical assets and the entire healthcare device ecosystem - with zero disruption to patient care. Includes complete visibility and security across all medical and clinical assets, analysis of the network for smart segmentation, monitor asset behavior and assess device MDS2 properties and FDA compliance, protect patient safety and ensure privacy. Up to 3 Network Ports included unless otherwise noted.	Site	£19,783.00	ARM-MDS-S-T2
Armris Medical Device Security	Armris MDS - Small Facility - 101+ Facilities Tier	Complete visibility and maximize security across all medical devices, clinical assets and the entire healthcare device ecosystem - with zero disruption to patient care. Includes complete visibility and security across all medical and clinical assets, analysis of the network for smart segmentation, monitor asset behavior and assess device MDS2 properties and FDA compliance, protect patient safety and ensure privacy. Up to 3 Network Ports included unless otherwise noted.	Site	£18,761.00	ARM-MDS-S-T3
Armris Medical Device Security	Armris MDS - Medium Facility, Up to 50 Facilities Tier	Complete visibility and maximize security across all medical devices, clinical assets and the entire healthcare device ecosystem - with zero disruption to patient care. Includes complete visibility and security across all medical and clinical assets, analysis of the network for smart segmentation, monitor asset behavior and assess device MDS2 properties and FDA compliance, protect patient safety and ensure privacy. Up to 5 Network Ports included unless otherwise noted.	Site	£31,025.00	ARM-MDS-M-T1
Armris Medical Device Security	Armris MDS - Medium Facility, 51 - 100 Facilities Tier	Complete visibility and maximize security across all medical devices, clinical assets and the entire healthcare device ecosystem - with zero disruption to patient care. Includes complete visibility and security across all medical and clinical assets, analysis of the network for smart segmentation, monitor asset behavior and assess device MDS2 properties and FDA compliance, protect patient safety and ensure privacy. Up to 5 Network Ports included unless otherwise noted.	Site	£29,492.00	ARM-MDS-M-T2
Armris Medical Device Security	Armris MDS - Medium Facility - 101+ Facilities Tier	Complete visibility and maximize security across all medical devices, clinical assets and the entire healthcare device ecosystem - with zero disruption to patient care. Includes complete visibility and security across all medical and clinical assets, analysis of the network for smart segmentation, monitor asset behavior and assess device MDS2 properties and FDA compliance, protect patient safety and ensure privacy. Up to 5 Network Ports included unless otherwise noted.	Site	£28,032.00	ARM-MDS-M-T3
Armris Medical Device Security	Armris MDS - Large Facility, Up to 50 Facilities Tier	Complete visibility and maximize security across all medical devices, clinical assets and the entire healthcare device ecosystem - with zero disruption to patient care. Includes complete visibility and security across all medical and clinical assets, analysis of the network for smart segmentation, monitor asset behavior and assess device MDS2 properties and FDA compliance, protect patient safety and ensure privacy. Up to 8 Network Ports included unless otherwise noted.	Site	£47,450.00	ARM-MDS-L-T1

Armris Medical Device Security	Armris MDS - Large Facility, 51 - 100 Facilities Tier	Complete visibility and maximize security across all medical devices, clinical assets and the entire healthcare device ecosystem - with zero disruption to patient care. Includes complete visibility and security across all medical and clinical assets, analysis of the network for smart segmentation, monitor asset behavior and assess device MDS2 properties and FDA compliance, protect patient safety and ensure privacy. Up to 8 Network Ports included unless otherwise noted.	Site	£45,114.00	ARM-MDS-L-T2
Armris Medical Device Security	Armris MDS - Large Facility - 101+ Facilities Tier	Complete visibility and maximize security across all medical devices, clinical assets and the entire healthcare device ecosystem - with zero disruption to patient care. Includes complete visibility and security across all medical and clinical assets, analysis of the network for smart segmentation, monitor asset behavior and assess device MDS2 properties and FDA compliance, protect patient safety and ensure privacy. Up to 8 Network Ports included unless otherwise noted.	Site	£42,851.00	ARM-MDS-L-T3
Armris Medical Device Security	Armris MDS - X-Large Facilities	Complete visibility and maximize security across all medical devices, clinical assets and the entire healthcare device ecosystem - with zero disruption to patient care. Includes complete visibility and security across all medical and clinical assets, analysis of the network for smart segmentation, monitor asset behavior and assess device MDS2 properties and FDA compliance, protect patient safety and ensure privacy. Network Ports included to be defined	Site	Supplier to be engaged	ARM-MDS-XL-T1
MTS	Managed Threat Services (500-14999 Assets)	Armris Managed Threat Services for customers with up to 14,999 assets. Key features include, alerts enrichment and weekly tuning of the policies, dashboards, reports and development. Threat Hunting on a continuous basis and regular operational meetings, as well as, required adhoc meetings with a named Armris Threat Services Analyst. Armris Asset Management and Security or Armris OT Security is required.	Asset Block	£122,640.00	ARM-MTS-14999
MTS	Managed Threat Services (15000-24999 Assets)	Armris Managed Threat Services for customers with up to 24,999 assets. Key features include, alerts enrichment and weekly tuning of the policies, dashboards, reports and development. Threat Hunting on a continuous basis and regular operational meetings, as well as, required adhoc meetings with a named Armris Threat Services Analyst. Armris Asset Management and Security or Armris OT Security is required.	Asset Block	£144,540.00	ARM-MTS-24999
MTS	Managed Threat Services (25000-49999 Assets)	Armris Managed Threat Services for customers with up to 49,999 assets. Key features include, alerts enrichment and weekly tuning of the policies, dashboards, reports and development. Threat Hunting on a continuous basis and regular operational meetings, as well as, required adhoc meetings with a named Armris Threat Services Analyst. Armris Asset Management and Security or Armris OT Security is required.	Asset Block	£262,800.00	ARM-MTS-49999
MTS	Managed Threat Services (50000-99999 Assets)	Armris Managed Threat Services for customers with up to 99,999 assets. Key features include, alerts enrichment and weekly tuning of the policies, dashboards, reports and development. Threat Hunting on a continuous basis and regular operational meetings, as well as, required adhoc meetings with a named Armris Threat Services Analyst. Armris Asset Management and Security or Armris OT Security is required.	Asset Block	£490,560.00	ARM-MTS-99999
MTS	Managed Threat Services (100000-199999 Assets)	Armris Managed Threat Services for customers with up to 199,999 assets. Key features include, alerts enrichment and weekly tuning of the policies, dashboards, reports and development. Threat Hunting on a continuous basis and regular operational meetings, as well as, required adhoc meetings with a named Armris Threat Services Analyst. Armris Asset Management and Security or Armris OT Security is required.	Asset Block	£876,000.00	ARM-MTS-199999
MTS	Managed Threat Services (200000+ Assets)	Armris Managed Threat Services for customers with up to 200,000+ assets. Key features include, alerts enrichment and weekly tuning of the policies, dashboards, reports and development. Threat Hunting on a continuous basis and regular operational meetings, as well as, required adhoc meetings with a named Armris Threat Services Analyst. Services	On-Site Resident Engineer/Architect	1-Year full-time onsite Armris Resident Engineer or Resident Architect. Services may commence up to 6 months after an initial purchase of the Armris platform. As per customer needs, this resource will fit either an Architect or Engineer profile at Customer's discretion. Resident Engineer will augment the customer engineering team in complex environments to successfully deploy, operate and maintain the Armris platform by providing knowledge and hands-on capabilities of both the Armris platform as well as relevant customer technologies (networking, security, and other relevant domains). Resident Architect will apply a combination of leadership skill, operational vision, understanding of unique customer needs, as well as deep knowledge of Armris technologies and capabilities towards the end-goal of accelerating adoption of the Armris platform in complex accounts.	FTE	£419,750.00	ARM-ONSITE-ENGR

Services	Remote Resident Engineer/Architect	1-Year full-time remote Armis Resident Engineer or Resident Architect. Services may commence up to 6 months after an initial purchase of the Armis platform. As per customer needs, this resource will fit either an Architect or Engineer profile at Customer's discretion. Resident Engineer will augment the customer engineering team in complex environments to successfully deploy, operate and maintain the Armis platform by providing knowledge and hands-on capabilities of both the Armis platform as well as relevant customer technologies (networking, security, and other relevant domains). Resident Architect will apply a combination of leadership skill, operational vision, understanding of unique customer needs, as well as deep knowledge of Armis technologies and capabilities towards the end-goal of accelerating adoption of the Armis platform in complex accounts.	FTE	£350,400.00	ARM-REMOTE-ENGR
Services	Platinum Success	Designed to provide advanced guidance for scaled deployments, the Platinum Success package offers: - Comprehensive Knowledge Resources: Full access to the Armis community, including self-paced online learning, virtual instructor-led training, and scheduled private sessions. - Priority Support: 24/7/365 access to Armis Technical Support with priority escalation based on published support guidelines. - Technical Account Management: A designated technical CS resource to drive value realization, provide best practices for adoption and usage, and be your primary point of contact for the Armis experience. - Proactive Expert Engagement: Regular touchpoints to ensure platform optimization, facilitate use case expansion, and provide visibility into the platform roadmap including quarterly Executive Reviews. Note: Implementation Services are not included in Platinum Success.	Customer	£0.00	ARM-PLAT-SUCCESS
Services	Premium to Platinum Support Upgrade	Armis Platinum Services delivers advanced services capabilities for scaled deployments. Services include: Designated Technical Account Manager (TAM), Private / Dedicated Training Classes, Implementation Design & Optimization, Periodical Policies Tuning Assistance, Product Management Roadmap Visibility, Quarterly Executive Reviews (QBRs), Priority Exec Escalation Path, Proactive Emergency Notifications, Proactive Technical Health Monitoring and Tuning	Customer	£54,750.00	ARM-PLAT-UPGR
Services	Premium Success	Designed to provide advanced guidance for scaled deployments, the Premium Success package offers: - Comprehensive Knowledge Resources: Full access to the Armis community, including self-paced online learning, virtual instructor-led training, and scheduled private sessions. - Priority Support: 24/7/365 access to Armis Technical Support with priority escalation based on published support guidelines. - Customer Success Manager: A designated CS resource to drive value realization, provide best practices for adoption and usage, and be your primary point of contact for the Armis experience. Note: Implementation Services are not included in Premium Success.	Customer	£0.00	ARM-PREM-SUCCESS
Services	Standard Success	Designed to provide advanced guidance for scaled deployments, the Standard Success package offers: - Comprehensive Knowledge Resources: Full access to the Armis community, including self-paced online learning, virtual instructor-led training, and scheduled private sessions. - Business Hour Support: Access to Armis Technical Support, available according to our published support guidelines. Note: Implementation Services are not included in Standard Success.	Customer	£0.00	ARM-STD-SUCCESS
Services	Professional Services Pack: 100 Hours Per Qtr	Armis Professional Services (PS) Packs are designed to enable ad-hoc assistance in the ongoing operationalization of the Armis Platform. 100 PS Hours available per quarter of annual commit. MISC	Armis Tenant Basic	Additional Basic tenant with customized name for customized customer use, on top of existing customer tenant.	Prod	£182,500.00	ARM-CLOUD-BASIC
MISC	Armis Tenant Mid-Enterprise	Additional Mid-Enterprise tenant with customized name for customized customer use, on top of existing customer tenant.	Prod	£365,000.00	ARM-CLOUD-MID

MISC	Armis Tenant Large Enterprise	Additional Large Enterprise tenant with customized name for customized customer use, on top of existing customer tenant.	Prod	£547,500.00	ARM-CLOUD-ENT
EWA	Torq - SMB	Enterprise Workflow Automation for Less than 10k employees +. 30 workflows included, 3 Tenants, 4 Weeks Onboarding, Torq Standard Support Level	Work Flow Band	£109,500.00	TQ-A-SMB
EWA	Torq - 10000-49999 Employees	Enterprise Workflow Automation for 10000-49999 employees +. 60 workflows included, 5 Tenants, 4 Weeks Onboarding, Torq Priority Support Level	Work Flow Band	£219,000.00	TQ-A-ENT
EWA	Torq - 50,000+ Employees	Enterprise Workflow Automation for 50k employees +. 100 workflows included, 10 Tenants, 8 Weeks Onboarding, Torq Priority Support Level	Work Flow Band	£365,000.00	TQ-A-ENT+
EWA	Torq - Workflow - SMB	EWA SMB Add On	Add On	£3,650.00	TQ-A-WF-SMB
EWA	Torq - Workflow - ENT	EWA ENT Add On	Add On	£3,650.00	TQ-A-WF-ENT
EWA	Torq - Workflow - ENT+	EWA ENT+ Add On	Add On	£3,650.00	TQ-A-WF-ENT+
VIPR	Armis Vulnerability Prioritization and Remediation for 500 - 1499 Assets.	Armis VIPR enables vulnerability managers to consolidate all vulnerabilities, prioritize based on business and technical context, vulnerability criticality and business risk, manage the appropriate assignments and workflows through tight integrations with operational platforms, and accelerate remediation and mitigation-based improvements overall.	Asset Block	£18,980.00	ARM-VIPR-AB-1499
VIPR	Armis Vulnerability Prioritization and Remediation for 1500 - 2499 Assets.	Armis VIPR enables vulnerability managers to consolidate all vulnerabilities, prioritize based on business and technical context, vulnerability criticality and business risk, manage the appropriate assignments and workflows through tight integrations with operational platforms, and accelerate remediation and mitigation-based improvements overall.	Asset Block	£25,550.00	ARM-VIPR-AB-2499
VIPR	Armis Vulnerability Prioritization and Remediation for 2500 - 9999 Assets.	Armis VIPR enables vulnerability managers to consolidate all vulnerabilities, prioritize based on business and technical context, vulnerability criticality and business risk, manage the appropriate assignments and workflows through tight integrations with operational platforms, and accelerate remediation and mitigation-based improvements overall.	Asset Block	£36,500.00	ARM-VIPR-AB-9999
VIPR	Armis Vulnerability Prioritization and Remediation for 10000 - 14999 Assets.	Armis VIPR enables vulnerability managers to consolidate all vulnerabilities, prioritize based on business and technical context, vulnerability criticality and business risk, manage the appropriate assignments and workflows through tight integrations with operational platforms, and accelerate remediation and mitigation-based improvements overall.	Asset Block	£67,890.00	ARM-VIPR-AB-14999
VIPR	Armis Vulnerability Prioritization and Remediation for 15000 - 24999 Assets.	Armis VIPR enables vulnerability managers to consolidate all vulnerabilities, prioritize based on business and technical context, vulnerability criticality and business risk, manage the appropriate assignments and workflows through tight integrations with operational platforms, and accelerate remediation and mitigation-based improvements overall.	Asset Block	£92,345.00	ARM-VIPR-AB-24999
VIPR	Armis Vulnerability Prioritization and Remediation for 25000 - 49999 Assets.	Armis VIPR enables vulnerability managers to consolidate all vulnerabilities, prioritize based on business and technical context, vulnerability criticality and business risk, manage the appropriate assignments and workflows through tight integrations with operational platforms, and accelerate remediation and mitigation-based improvements overall.	Asset Block	£124,100.00	ARM-VIPR-AB-49999
VIPR	Armis Vulnerability Prioritization and Remediation for 50000 - 99999 Assets.	Armis VIPR enables vulnerability managers to consolidate all vulnerabilities, prioritize based on business and technical context, vulnerability criticality and business risk, manage the appropriate assignments and workflows through tight integrations with operational platforms, and accelerate remediation and mitigation-based improvements overall.	Asset Block	£186,150.00	ARM-VIPR-AB-99999
VIPR	Armis Vulnerability Prioritization and Remediation for 100000 - 199999 Assets.	Armis VIPR enables vulnerability managers to consolidate all vulnerabilities, prioritize based on business and technical context, vulnerability criticality and business risk, manage the appropriate assignments and workflows through tight integrations with operational platforms, and accelerate remediation and mitigation-based improvements overall.	Asset Block	£277,400.00	ARM-VIPR-AB-199999
VIPR	Armis Vulnerability Prioritization and Remediation for 200000 - 399999 Assets	Armis VIPR enables vulnerability managers to consolidate all vulnerabilities, prioritize based on business and technical context, vulnerability criticality and business risk, manage the appropriate assignments and workflows through tight integrations with operational platforms, and accelerate remediation and mitigation-based improvements overall.	Asset Block	£430,700.00	ARM-VIPR-AB-399999
VIPR	Armis Vulnerability Prioritization and Remediation for 400000 - 699999 Assets.	Armis VIPR enables vulnerability managers to consolidate all vulnerabilities, prioritize based on business and technical context, vulnerability criticality and business risk, manage the appropriate assignments and workflows through tight integrations with operational platforms, and accelerate remediation and mitigation-based improvements overall.	Asset Block	£616,850.00	ARM-VIPR-AB-699999
VIPR	Armis Vulnerability Prioritization and Remediation for 700000 - 999999 Assets.	Armis VIPR enables vulnerability managers to consolidate all vulnerabilities, prioritize based on business and technical context, vulnerability criticality and business risk, manage the appropriate assignments and workflows through tight integrations with operational platforms, and accelerate remediation and mitigation-based improvements overall.	Asset Block	£766,500.00	ARM-VIPR-AB-999999

VIPR	Armis Vulnerability Prioritization and Remediation for 1000000 - 1299999 Assets.	Armis VIPR enables vulnerability managers to consolidate all vulnerabilities, prioritize based on business and technical context, vulnerability criticality and business risk, manage the appropriate assignments and workflows through tight integrations with operational platforms, and accelerate remediation and mitigation-based improvements overall.	Asset Block	£861,400.00	ARM-VIPR-AB-1299999
VIPR	Armis Vulnerability Prioritization and Remediation for 1300000+ Assets.	Armis VIPR enables vulnerability managers to consolidate all vulnerabilities, prioritize based on business and technical context, vulnerability criticality and business risk, manage the appropriate assignments and workflows through tight integrations with operational platforms, and accelerate remediation and mitigation-based improvements overall.	Asset Block	Supplier to be engaged	ARM-VIPR-AB-1300000
ATI	Early Warning for 500-1499 Assets	Armis Centrix for Early Warning provides the CVE's that are currently being exploited and/or weaponized before they are widely known. Includes a historical database of hundreds of feeds cumulated over time which allows incident response teams to trace what an IP address was doing maliciously at any particular moment.	Asset Block	£18,980.00	ARM-ATIEW-AB-1499
ATI	Early Warning for 1500-2499 Assets	Armis Centrix for Early Warning provides the CVE's that are currently being exploited and/or weaponized before they are widely known. Includes a historical database of hundreds of feeds cumulated over time which allows incident response teams to trace what an IP address was doing maliciously at any particular moment.	Asset Block	£24,272.50	ARM-ATIEW-AB-2499
ATI	Early Warning for 2500-9999 Assets	Armis Centrix for Early Warning provides the CVE's that are currently being exploited and/or weaponized before they are widely known. Includes a historical database of hundreds of feeds cumulated over time which allows incident response teams to trace what an IP address was doing maliciously at any particular moment.	Asset Block	£34,675.00	ARM-ATIEW-AB-9999
ATI	Early Warning for 10000-14999 Assets	Armis Centrix for Early Warning provides the CVE's that are currently being exploited and/or weaponized before they are widely known. Includes a historical database of hundreds of feeds cumulated over time which allows incident response teams to trace what an IP address was doing maliciously at any particular moment.	Asset Block	£61,101.00	ARM-ATIEW-AB-14999
ATI	Early Warning for 15000-24999 Assets	Armis Centrix for Early Warning provides the CVE's that are currently being exploited and/or weaponized before they are widely known. Includes a historical database of hundreds of feeds cumulated over time which allows incident response teams to trace what an IP address was doing maliciously at any particular moment.	Asset Block	£83,110.50	ARM-ATIEW-AB-24999
ATI	Early Warning for 25000-49999 Assets	Armis Centrix for Early Warning provides the CVE's that are currently being exploited and/or weaponized before they are widely known. Includes a historical database of hundreds of feeds cumulated over time which allows incident response teams to trace what an IP address was doing maliciously at any particular moment.	Asset Block	£105,485.00	ARM-ATIEW-AB-49999
ATI	Early Warning for 50000-99999 Assets	Armis Centrix for Early Warning provides the CVE's that are currently being exploited and/or weaponized before they are widely known. Includes a historical database of hundreds of feeds cumulated over time which allows incident response teams to trace what an IP address was doing maliciously at any particular moment.	Asset Block	£146,000.00	ARM-ATIEW-AB-99999
ATI	Early Warning for 100000-199999 Assets	Armis Centrix for Early Warning provides the CVE's that are currently being exploited and/or weaponized before they are widely known. Includes a historical database of hundreds of feeds cumulated over time which allows incident response teams to trace what an IP address was doing maliciously at any particular moment.	Asset Block	£182,500.00	ARM-ATIEW-AB-199999
ATI	Early Warning for 200000-399999 Assets	Armis Centrix for Early Warning provides the CVE's that are currently being exploited and/or weaponized before they are widely known. Includes a historical database of hundreds of feeds cumulated over time which allows incident response teams to trace what an IP address was doing maliciously at any particular moment.	Asset Block	£219,000.00	ARM-ATIEW-AB-399999
ATI	Early Warning for 400000-699999 Assets	Armis Centrix for Early Warning provides the CVE's that are currently being exploited and/or weaponized before they are widely known. Includes a historical database of hundreds of feeds cumulated over time which allows incident response teams to trace what an IP address was doing maliciously at any particular moment.	Asset Block	£292,000.00	ARM-ATIEW-AB-699999
ATI	Early Warning for 700000-999999 Assets	Armis Centrix for Early Warning provides the CVE's that are currently being exploited and/or weaponized before they are widely known. Includes a historical database of hundreds of feeds cumulated over time which allows incident response teams to trace what an IP address was doing maliciously at any particular moment.	Asset Block	£365,000.00	ARM-ATIEW-AB-999999

ATI	Early Warning for 1000000-1299999 Assets	Armis Centrix for Early Warning provides the CVE's that are currently being exploited and/or weaponized before they are widely known. Includes a historical database of hundreds of feeds cumulated over time which allows incident response teams to trace what an IP address was doing maliciously at any particular moment.	Asset Block	£438,000.00	ARM-ATIEW-AB-1299999
ATI	Early Warning for 1300000+ Assets	Armis Centrix for Early Warning provides the CVE's that are currently being exploited and/or weaponized before they are widely known. Includes a historical database of hundreds of feeds cumulated over time which allows incident response teams to trace what an IP address was doing maliciously at any particular moment.	Asset Block	Supplier to be engaged	ARM-ATIEW-AB-1300000+
ATI	Early Warning Pro for 500-1499 Assets	Armis Centrix for Early Warning Pro provides the CVE's that are currently being exploited and/or weaponized before they are widely known. Includes a historical database of hundreds of feeds cumulated over time which allows incident response teams to trace what an IP address was doing maliciously at any particular moment. as well as, an AI-driven real time threat hunting service across the tenant, most commonly used TTPs from threat actors and custom honeypots for more advanced detection of threats for a specific tenant.	Asset Block	£37,960.00	ARM-ATIPRO-AB-1499
ATI	Early Warning Pro for 1500-2499 Assets	Armis Centrix for Early Warning Pro provides the CVE's that are currently being exploited and/or weaponized before they are widely known. Includes a historical database of hundreds of feeds cumulated over time which allows incident response teams to trace what an IP address was doing maliciously at any particular moment. as well as, an AI-driven real time threat hunting service across the tenant, most commonly used TTPs from threat actors and custom honeypots for more advanced detection of threats for a specific tenant.	Asset Block	£48,545.00	ARM-ATIPRO-AB-2499
ATI	Early Warning Pro for 2500-9999 Assets	Armis Centrix for Early Warning Pro provides the CVE's that are currently being exploited and/or weaponized before they are widely known. Includes a historical database of hundreds of feeds cumulated over time which allows incident response teams to trace what an IP address was doing maliciously at any particular moment. as well as, an AI-driven real time threat hunting service across the tenant, most commonly used TTPs from threat actors and custom honeypots for more advanced detection of threats for a specific tenant.	Asset Block	£69,350.00	ARM-ATIPRO-AB-9999
ATI	Early Warning Pro for 10000-14999 Assets	Armis Centrix for Early Warning Pro provides the CVE's that are currently being exploited and/or weaponized before they are widely known. Includes a historical database of hundreds of feeds cumulated over time which allows incident response teams to trace what an IP address was doing maliciously at any particular moment. as well as, an AI-driven real time threat hunting service across the tenant, most commonly used TTPs from threat actors and custom honeypots for more advanced detection of threats for a specific tenant.	Asset Block	£122,202.00	ARM-ATIPRO-AB-14999
ATI	Early Warning Pro for 15000-24999 Assets	Armis Centrix for Early Warning Pro provides the CVE's that are currently being exploited and/or weaponized before they are widely known. Includes a historical database of hundreds of feeds cumulated over time which allows incident response teams to trace what an IP address was doing maliciously at any particular moment. as well as, an AI-driven real time threat hunting service across the tenant, most commonly used TTPs from threat actors and custom honeypots for more advanced detection of threats for a specific tenant.	Asset Block	£166,221.00	ARM-ATIPRO-AB-24999
ATI	Early Warning Pro for 25000-49999 Assets	Armis Centrix for Early Warning Pro provides the CVE's that are currently being exploited and/or weaponized before they are widely known. Includes a historical database of hundreds of feeds cumulated over time which allows incident response teams to trace what an IP address was doing maliciously at any particular moment. as well as, an AI-driven real time threat hunting service across the tenant, most commonly used TTPs from threat actors and custom honeypots for more advanced detection of threats for a specific tenant.	Asset Block	£210,970.00	ARM-ATIPRO-AB-49999
ATI	Early Warning Pro for 50000-99999 Assets	Armis Centrix for Early Warning Pro provides the CVE's that are currently being exploited and/or weaponized before they are widely known. Includes a historical database of hundreds of feeds cumulated over time which allows incident response teams to trace what an IP address was doing maliciously at any particular moment. as well as, an AI-driven real time threat hunting service across the tenant, most commonly used TTPs from threat actors and custom honeypots for more advanced detection of threats for a specific tenant. ATI	Early Warning for Government for 700000-999999 Assets	Armis Centrix for Early Warning for Government provides the CVE's that are currently being exploited and/or weaponized before they are widely known. Includes a historical database of hundreds of feeds cumulated over time which allows incident response teams to trace what an IP address was doing maliciously at any particular moment.	Asset Block	£1,095,000.00	ARM-ATIGEW-AB-999999
ATI	Early Warning for Government for 1000000-1299999 Assets	Armis Centrix for Early Warning for Government provides the CVE's that are currently being exploited and/or weaponized before they are widely known. Includes a historical database of hundreds of feeds cumulated over time which allows incident response teams to trace what an IP address was doing maliciously at any particular moment.	Asset Block	£1,314,000.00	ARM-ATIGEW-AB-1299999
ATI	Early Warning for Government for 1300000+ Assets	Armis Centrix for Early Warning for Government provides the CVE's that are currently being exploited and/or weaponized before they are widely known. Includes a historical database of hundreds of feeds cumulated over time which allows incident response teams to trace what an IP address was doing maliciously at any particular moment.	Asset Block	Supplier to be engaged	ARM-ATIGEW-AB-1300000+
ATI	Early Warning Center for Government for 500-1499 Assets	Armis Centrix for Early Warning Center for Government: Includes early warning insights which advises you to attacks that are still in the formulation stage and enables you to stop them before they impact your organization enhanced by the Asset Intelligence engine which consists of a 4 billion plus asset data lake which provides detailed profiles on asset behavior and also appends missing information on the asset.	Asset Block	£131,400.00	ARM-AGATIC-AB-1499
ATI	Early Warning Center for Government for 1500-2499 Assets	Armis Centrix for Early Warning Center for Government: Includes early warning insights which advises you to attacks that are still in the formulation stage and enables you to stop them before they impact your organization enhanced by the Asset Intelligence engine which consists of a 4 billion plus asset data lake which provides detailed profiles on asset behavior and also appends missing information on the asset.	Asset Block	£147,825.00	ARM-AGATIC-AB-2499
ATI	Early Warning Center for Government for 2500-9999 Assets	Armis Centrix for Early Warning Center for Government: Includes early warning insights which advises you to attacks that are still in the formulation stage and enables you to stop them before they impact your organization enhanced by the Asset Intelligence engine which consists of a 4 billion plus asset data lake which provides detailed profiles on asset behavior and also appends missing information on the asset.	Asset Block	£164,250.00	ARM-AGATIC-AB-9999

ATI	Early Warning Center for Government for 10000-14999 Assets	Armis Centrix for Early Warning Center for Government: Includes early warning insights which advises you to attacks that are still in the formulation stage and enables you to stop them before they impact your organization enhanced by the Asset Intelligence engine which consists of a 4 billion plus asset data lake which provides detailed profiles on asset behavior and also appends missing information on the asset.	Asset Block	£188,887.50	ARM-AGATIC-AB-14999
ATI	Early Warning Center for Government for 15000-24999 Assets	Armis Centrix for Early Warning Center for Government: Includes early warning insights which advises you to attacks that are still in the formulation stage and enables you to stop them before they impact your organization enhanced by the Asset Intelligence engine which consists of a 4 billion plus asset data lake which provides detailed profiles on asset behavior and also appends missing information on the asset.	Asset Block	£213,525.00	ARM-AGATIC-AB-24999
ATI	Early Warning Center for Government for 25000-49999 Assets	Armis Centrix for Early Warning Center for Government: Includes early warning insights which advises you to attacks that are still in the formulation stage and enables you to stop them before they impact your organization enhanced by the Asset Intelligence engine which consists of a 4 billion plus asset data lake which provides detailed profiles on asset behavior and also appends missing information on the asset.	Asset Block	£262,800.00	ARM-AGATIC-AB-49999
ATI	Early Warning Center for Government for 50000-99999 Assets	Armis Centrix for Early Warning Center for Government: Includes early warning insights which advises you to attacks that are still in the formulation stage and enables you to stop them before they impact your organization enhanced by the Asset Intelligence engine which consists of a 4 billion plus asset data lake which provides detailed profiles on asset behavior and also appends missing information on the asset.	Asset Block	£328,500.00	ARM-AGATIC-AB-99999
ATI	Early Warning Center for Government for 100000-199999 Assets	Armis Centrix for Early Warning Center for Government: Includes early warning insights which advises you to attacks that are still in the formulation stage and enables you to stop them before they impact your organization enhanced by the Asset Intelligence engine which consists of a 4 billion plus asset data lake which provides detailed profiles on asset behavior and also appends missing information on the asset.	Asset Block	£410,625.00	ARM-AGATIC-AB-199999
ATI	Early Warning Center for Government for 200000-399999 Assets	Armis Centrix for Early Warning Center for Government: Includes early warning insights which advises you to attacks that are still in the formulation stage and enables you to stop them before they impact your organization enhanced by the Asset Intelligence engine which consists of a 4 billion plus asset data lake which provides detailed profiles on asset behavior and also appends missing information on the asset.	Asset Block	£492,750.00	ARM-AGATIC-AB-399999
ATI	Early Warning Center for Government for 400000-699999 Assets	Armis Centrix for Early Warning Center for Government: Includes early warning insights which advises you to attacks that are still in the formulation stage and enables you to stop them before they impact your organization enhanced by the Asset Intelligence engine which consists of a 4 billion plus asset data lake which provides detailed profiles on asset behavior and also appends missing information on the asset.	Asset Block	£657,000.00	ARM-AGATIC-AB-699999
ATI	Early Warning Center for Government for 700000-999999 Assets	Armis Centrix for Early Warning Center for Government: Includes early warning insights which advises you to attacks that are still in the formulation stage and enables you to stop them before they impact your organization enhanced by the Asset Intelligence engine which consists of a 4 billion plus asset data lake which provides detailed profiles on asset behavior and also appends missing information on the asset.	Asset Block	£821,250.00	ARM-AGATIC-AB-999999
ATI	Early Warning Center for Government for 1000000-1299999 Assets	Armis Centrix for Early Warning Center for Government: Includes early warning insights which advises you to attacks that are still in the formulation stage and enables you to stop them before they impact your organization enhanced by the Asset Intelligence engine which consists of a 4 billion plus asset data lake which provides detailed profiles on asset behavior and also appends missing information on the asset.	Asset Block	£985,500.00	ARM-AGATIC-AB-1299999
ATI	Early Warning Center for Government for 1300000+ Assets	Armis Centrix for Early Warning Center for Government: Includes early warning insights which advises you to attacks that are still in the formulation stage and enables you to stop them before they impact your organization enhanced by the Asset Intelligence engine which consists of a 4 billion plus asset data lake which provides detailed profiles on asset behavior and also appends missing information on the asset. Hardware	Small Collector Lease	Armis Mini Collector lease. Compact form factor capable of 1Gbps traffic ingestion. Suitable for remote sites and office	Prod	£1,200.85	Collector-SM-Lease
Hardware	Small Collector Sell	Armis Mini Collector Sell. Compact form factor capable of 1Gbps traffic ingestion. Suitable for remote sites and office	Prod	£1,803.10	Collector-SM-Sell
Hardware	Standard Collector Lease	Armis Standard Collector lease. 1U form factor capable of 10 Gbps traffic ingestion. Suitable for data centers.	Prod	£1,808.94	Collector-STD-Lease
Hardware	Standard Collector Sell	Armis Standard Collector Sell. 1U form factor capable of 10 Gbps traffic ingestion. Suitable for data centers.	Prod	£3,504.00	Collector-STD-Sell
Hardware	Extended Capacity Collector Lease	Armis Extended Capacity Collector lease. 1U form factor capable of 40 Gbps traffic ingestion. Suitable for data centers.	Prod	£2,806.85	Collector-XTD-Lease
Hardware	Extended Capacity Collector Sell	Armis Extended Capacity Collector sell. 1U form factor capable of 40 Gbps traffic ingestion. Suitable for data centers.	Prod	£4,380.00	Collector-XTD-Sell
Hardware	LTE Wireless Card	Yearly LTE plan to support special LTE collectors	Prod	£1,460.00	Collector-LTE-Add
MTS	Managed Threat Service - Security Assessment & Recommendations	Armis MTS - Security Assessment & Recommendations are delivered for (1) identified physical location. Key features include (1) detailed security (active threat identification, significant risks, security exposures and program gaps, noted compliance violations) assessment for (1) identified physical site, with (1) detailed findings and recommendations report, (1) live discussion session for the assessment results and (3) units of project management. Must be used within 12 months of purchase.	Per Site	£21,900.00	ARM-MTS-FSA
MTS	Managed Threat Service - Policy Tuning	Armis MTS - Policy Tuning includes policy tuning within the Armis plaform for any size customer. Key features include (3) (1 hour) live policy tuning sessions with recommendations based on the customer's industry and operations and (3) units of project management. Must be used within 12 months of purchase.	3 Pack	£15,768.00	ARM-MTS-TUNE
MTS	Managed Threat Service - Foundations	Foundational elements of Armis Managed Threat Services for MidMarket customers with up to 100k assets. Key features include monthly policy tuning with recommendations, scoped monthly threat hunting, MTS dashboards and monthly insights with recommendations.	1 Year	£35,916.00	ARM-MTS-FDN

MTS	Managed Threat Service - Foundations - ELA	Quarterly based foundational elements of Armis Managed Threat Services for any size of entity. Key features include quarterly policy tuning for up to 40 entities with recommendations, scoped quarterly threat hunting, MTS dashboards and quarterly insights with recommendations. FLDS defines the 40 agencies for scope. Limited to 10 hours per entity per quarter. Bi-annual foundational elements of Armis Managed Threat Services for any size of customer. Key features include twice yearly policy tuning for up to 47 entities with recommendations, scoped twice yearly threat hunting, MTS dashboards and twice yearly insights with recommendations.	1 Year	Supplier to be engaged	ARM-MTS-ELA-491
TrueFort	TrueFort Fundamentals - 0-1000 Agents	Discover and understand workload behavior, mapping it to applications. Baseline behavior and alert anomalous activities. Up to 1,000 Agents.	Agent	£197.10	ARMTF-F1000-1YR
TrueFort	TrueFort Fundamentals - 1001-2500 Agents	Discover and understand workload behavior, mapping it to applications. Baseline behavior and alert anomalous activities. Up to 2,500 Agents.	Agent	£102.20	ARMTF-F2500-1YR
TrueFort	TrueFort Fundamentals - 2501-5000 Agents	Discover and understand workload behavior, mapping it to applications. Baseline behavior and alert anomalous activities. Up to 5,000 Agents.	Agent	£87.60	ARMTF-F5000-1YR
TrueFort	TrueFort Fundamentals - 5001-8000 Agents	Discover and understand workload behavior, mapping it to applications. Baseline behavior and alert anomalous activities. Up to 8,000 Agents.	Agent	£80.30	ARMTF-F8000-1YR
TrueFort	TrueFort Fundamentals - 8000+ Agents	Discover and understand workload behavior, mapping it to applications. Baseline behavior and alert anomalous activities. Over 8,001 Agents.	Agent	Supplier to be engaged	ARMTF-FCUST-1YR
TrueFort	TrueFort Fundamentals Container	Discover and understand workload behavior, mapping it to applications. Baseline behavior and alert anomalous activities.	Node	Supplier to be engaged	ARMTF-FCUSTCON-1YR
TrueFort	TrueFort Control - 0-1000 Agents	Enforce microsegmentation to protect applications, set policy, and kill anomalous processes. Plus Fundamentals. Up to 1,000 Agents.	Agent	£273.75	ARMTF-C1000-1YR
TrueFort	TrueFort Control - 1001-2500 Agents	Enforce microsegmentation to protect applications, set policy, and kill anomalous processes. Plus Fundamentals. Up to 2,500 Agents.	Agent	£160.60	ARMTF-C2500-1YR
TrueFort	TrueFort Control - 2501-5000 Agents	Enforce microsegmentation to protect applications, set policy, and kill anomalous processes. Plus Fundamentals. Up to 5,000 Agents.	Agent	£135.05	ARMTF-C5000-1YR
TrueFort	TrueFort Control - 5001-8000 Agents	Enforce microsegmentation to protect applications, set policy, and kill anomalous processes. Plus Fundamentals. Up to 8,000 Agents.	Agent	£120.45	ARMTF-C8000-1YR
TrueFort	TrueFort Control - 8000+ Agents	Enforce microsegmentation to protect applications, set policy, and kill anomalous processes. Plus Fundamentals. Over 8,001 Agents.	Agent	Supplier to be engaged	ARMTF-CCUST-1YR
TrueFort	TrueFort Control Container	Enforce microsegmentation to protect applications, set policy, and kill anomalous processes. Plus Fundamentals.	Node	Supplier to be engaged	ARMTF-CCUSTCON-1YR
TrueFort	TrueFort Enterprise - 0-1000 Agents	Full application protection by providing workload behavior mapping, understanding of the environment and workload hardening. Includes: Fundamentals, Controls, File Integrity Monitoring (FIM) & CIS Benchmarking. Up to 1,000 agents.	Agent	£292.00	ARMTF-E1000-1YR
TrueFort	TrueFort Enterprise - 1001-2500 Agents	Full application protection by providing workload behavior mapping, understanding of the environment and workload hardening. Includes: Fundamentals, Controls, File Integrity Monitoring (FIM) & CIS Benchmarking. Up to 2,500 agents.	Agent	£175.20	ARMTF-E2500-1YR
TrueFort	TrueFort Enterprise - 2501-5000 Agents	Full application protection by providing workload behavior mapping, understanding of the environment and workload hardening. Includes: Fundamentals, Controls, File Integrity Monitoring (FIM) & CIS Benchmarking. Up to 5,000 agents.	Agent	£149.65	ARMTF-E5000-1YR
TrueFort	TrueFort Enterprise - 5001-8000 Agents	Full application protection by providing workload behavior mapping, understanding of the environment and workload hardening. Includes: Fundamentals, Controls, File Integrity Monitoring (FIM) & CIS Benchmarking. Up to 8,000 agents.	Agent	£131.40	ARMTF-E8000-1YR
TrueFort	TrueFort Enterprise - 8000+ Agents	Full application protection by providing workload behavior mapping, understanding of the environment and workload hardening. Includes: Fundamentals, Controls, File Integrity Monitoring (FIM) & CIS Benchmarking. Over 8,001 agents.	Agent	Supplier to be engaged	ARMTF-ECUST-1YR
TrueFort	TrueFort Enterprise Container	Full application protection by providing workload behavior mapping, understanding of the environment and workload hardening. Includes: Fundamentals, Controls, File Integrity Monitoring (FIM) & CIS Benchmarking.	Node	Supplier to be engaged	ARMTF-ECUSTCON-1YR

Armis OT/IOT Device Security OnPrem	Armis Centrix for OT/IOT, On-Premise XS Site- 1-50 Site Tier	See and secure IOT/IoOT environments, stay ahead of risks and build an effective and comprehensive security strategy for your airgapped and regulated networks. Secure cyber-physical assets by achieving full visibility across OT, IoT and BMS assets while bridging the IT/OT gap. Control, monitor and protect critical OT assets such as industrial controls, BMS and critical infrastructure using the industry's most advanced cyber exposure platform. Asset cap of 100 assets and 1 Network Port	Site	£7,026.25	ARM-OTOP-XS-T1
Armis OT/IOT Device Security OnPrem	Armis Centrix for OT/IOT, On-Premise XS Site- 51-100 Site Tier	See and secure IOT/IoOT environments, stay ahead of risks and build an effective and comprehensive security strategy for your airgapped and regulated networks. Secure cyber-physical assets by achieving full visibility across OT, IoT and BMS assets while bridging the IT/OT gap. Control, monitor and protect critical OT assets such as industrial controls, BMS and critical infrastructure using the industry's most advanced cyber exposure platform. Asset cap of 100 assets and 1 Network Port unless otherwise noted. Solution delivered in a on-premise deployment	Site	£6,624.75	ARM-OTOP-XS-T2
Armis OT/IOT Device Security OnPrem	Armis Centrix for OT/IOT, On-Premise XS Site- 101+ Site Tier	See and secure IOT/IoOT environments, stay ahead of risks and build an effective and comprehensive security strategy for your airgapped and regulated networks. Secure cyber-physical assets by achieving full visibility across OT, IoT and BMS assets while bridging the IT/OT gap. Control, monitor and protect critical OT assets such as industrial controls, BMS and critical infrastructure using the industry's most advanced cyber exposure platform. Asset cap of 100 assets and 1 Network Port unless otherwise noted. Solution delivered in a on-premise deployment	Site	£6,223.25	ARM-OTOP-XS-T3
Armis OT/IOT Device Security OnPrem	Armis Centrix for OT/IOT, On-Premise Small Site- 1-50 Site Tier	See and secure IOT/IoOT environments, stay ahead of risks and build an effective and comprehensive security strategy for your airgapped and regulated networks. Secure cyber-physical assets by achieving full visibility across OT, IoT and BMS assets while bridging the IT/OT gap. Control, monitor and protect critical OT assets such as industrial controls, BMS and critical infrastructure using the industry's most advanced cyber exposure platform. Asset cap of 500 assets and 1 Network Ports unless otherwise noted. Solution delivered in a on-premise deployment	Site	£12,318.75	ARM-OTOP-S-T1
Armis OT/IOT Device Security OnPrem	Armis Centrix for OT/IOT, On-Premise Small Site- 51-100 Site Tier	See and secure IOT/IoOT environments, stay ahead of risks and build an effective and comprehensive security strategy for your airgapped and regulated networks. Secure cyber-physical assets by achieving full visibility across OT, IoT and BMS assets while bridging the IT/OT gap. Control, monitor and protect critical OT assets such as industrial controls, BMS and critical infrastructure using the industry's most advanced cyber exposure platform. Asset cap of 500 assets and 1 Network Ports unless otherwise noted. Solution delivered in a on-premise deployment	Site	£11,661.75	ARM-OTOP-S-T2
Armis OT/IOT Device Security OnPrem	Armis Centrix for OT/IOT, On-Premise Small Site- 101+ Site Tier	See and secure IOT/IoOT environments, stay ahead of risks and build an effective and comprehensive security strategy for your airgapped and regulated networks. Secure cyber-physical assets by achieving full visibility across OT, IoT and BMS assets while bridging the IT/OT gap. Control, monitor and protect critical OT assets such as industrial controls, BMS and critical infrastructure using the industry's most advanced cyber exposure platform. Asset cap of 500 assets and 1 Network Ports unless otherwise noted. Solution delivered in a on-premise deployment	Site	£11,004.75	ARM-OTOP-S-T3
Armis OT/IOT Device Security OnPrem	Armis Centrix for OT/IOT, On-Premise Med Site- 1-50 Site Tier	See and secure IOT/IoOT environments, stay ahead of risks and build an effective and comprehensive security strategy for your airgapped and regulated networks. Secure cyber-physical assets by achieving full visibility across OT, IoT and BMS assets while bridging the IT/OT gap. Control, monitor and protect critical OT assets such as industrial controls, BMS and critical infrastructure using the industry's most advanced cyber exposure platform. Asset cap of 2625 assets and 2 Network Ports unless otherwise noted. Solution delivered in a on-premise deployment	Site	£29,200.00	ARM-OTOP-M-T1
Armis OT/IOT Device Security OnPrem	Armis Centrix for OT/IOT, On-Premise Med Site- 51-100 Site Tier	See and secure IOT/IoOT environments, stay ahead of risks and build an effective and comprehensive security strategy for your airgapped and regulated networks. Secure cyber-physical assets by achieving full visibility across OT, IoT and BMS assets while bridging the IT/OT gap. Control, monitor and protect critical OT assets such as industrial controls, BMS and critical infrastructure using the industry's most advanced cyber exposure platform. Asset cap of 2625 assets and 2 Network Ports unless otherwise noted. Solution delivered in a on-premise deployment	Site	£27,798.40	ARM-OTOP-M-T2

Armis OT/IOT Device Security OnPrem	Armis Centrix for OT/IOT, On-Premise Med Site- 101+ Site Tier	See and secure IOT/IoOT environments, stay ahead of risks and build an effective and comprehensive security strategy for your airgapped and regulated networks. Secure cyber-physical assets by achieving full visibility across OT, IoT and BMS assets while bridging the IT/OT gap. Control, monitor and protect critical OT assets such as industrial controls, BMS and critical infrastructure using the industry's most advanced cyber exposure platform. Asset cap of 2625 assets and 2 Network Ports unless otherwise noted. Solution delivered in a on-premise deployment	Site	£26,396.80	ARM-OTOP-M-T3
Armis OT/IOT Device Security OnPrem	Armis Centrix for OT/IOT, On-Premise Large Site- 1-50 Site Tier	See and secure IOT/IoOT environments, stay ahead of risks and build an effective and comprehensive security strategy for your airgapped and regulated networks. Secure cyber-physical assets by achieving full visibility across OT, IoT and BMS assets while bridging the IT/OT gap. Control, monitor and protect critical OT assets such as industrial controls, BMS and critical infrastructure using the industry's most advanced cyber exposure platform. Asset cap of 25,000 assets and 6 Network Ports unless otherwise noted. Solution delivered in a on-premise deployment	Site	£66,576.00	ARM-OTOP-L-T1
Armis OT/IOT Device Security OnPrem	Armis Centrix for OT/IOT, On-Premise Large Site- 51-100 Site Tier	See and secure IOT/IoOT environments, stay ahead of risks and build an effective and comprehensive security strategy for your airgapped and regulated networks. Secure cyber-physical assets by achieving full visibility across OT, IoT and BMS assets while bridging the IT/OT gap. Control, monitor and protect critical OT assets such as industrial controls, BMS and critical infrastructure using the industry's most advanced cyber exposure platform. Asset cap of 25,000 assets and 6 Network Ports unless otherwise noted. Solution delivered in a on-premise deployment	Site	£63,305.60	ARM-OTOP-L-T2
Armis OT/IOT Device Security OnPrem	Armis Centrix for OT/IOT, On-Premise Large Site- 101+ Site Tier	See and secure IOT/IoOT environments, stay ahead of risks and build an effective and comprehensive security strategy for your airgapped and regulated networks. Secure cyber-physical assets by achieving full visibility across OT, IoT and BMS assets while bridging the IT/OT gap. Control, monitor and protect critical OT assets such as industrial controls, BMS and critical infrastructure using the industry's most advanced cyber exposure platform. Asset cap of 25,000 assets and 6 Network Ports unless otherwise noted. Solution delivered in a on-premise deployment	Site	£60,152.00	ARM-OTOP-L-T3
Armis OT/IOT Device Security OnPrem	Armis Centrix for OT/IOT, On-Premise XL Site- 1-50 Site Tier	See and secure IOT/IoOT environments, stay ahead of risks and build an effective and comprehensive security strategy for your airgapped and regulated networks. Secure cyber-physical assets by achieving full visibility across OT, IoT and BMS assets while bridging the IT/OT gap. Control, monitor and protect critical OT assets such as industrial controls, BMS and critical infrastructure using the industry's most advanced cyber exposure platform. Asset cap of 50,000 assets and 8 Network Ports unless otherwise noted. Solution delivered in a on-premise deployment	Site	£88,768.00	ARM-OTOP-XL-T1
Armis OT/IOT Device Security OnPrem	Armis Centrix for OT/IOT, On-Premise XL Site- 51-100 Site Tier	See and secure IOT/IoOT environments, stay ahead of risks and build an effective and comprehensive security strategy for your airgapped and regulated networks. Secure cyber-physical assets by achieving full visibility across OT, IoT and BMS assets while bridging the IT/OT gap. Control, monitor and protect critical OT assets such as industrial controls, BMS and critical infrastructure using the industry's most advanced cyber exposure platform. Asset cap of 50,000 assets and 8 Network Ports unless otherwise noted. Solution delivered in a on-premise deployment	Site	£84,329.60	ARM-OTOP-XL-T2
Armis OT/IOT Device Security OnPrem	Armis Centrix for OT/IOT, On-Premise XL Site- 101+ Site Tier	See and secure IOT/IoOT environments, stay ahead of risks and build an effective and comprehensive security strategy for your airgapped and regulated networks. Secure cyber-physical assets by achieving full visibility across OT, IoT and BMS assets while bridging the IT/OT gap. Control, monitor and protect critical OT assets such as industrial controls, BMS and critical infrastructure using the industry's most advanced cyber exposure platform. Asset cap of 50,000 assets and 8 Network Ports unless otherwise noted. Solution delivered in a on-premise deployment	Site	£80,124.80	ARM-OTOP-XL-T3
Armis Secure Remote Access	Armis Centrix for Secure Remote Access - XS Site- 1-50 Site Tier	Armis Secure Remote Access, delivers Zero Trust, identity-based access to OT/ICS and cyber-physical systems. It provides granular, least-privilege control for remote users, ensuring secure operational continuity and minimizing cyber risk in critical infrastructure environments. This solution strengthens industrial security with advanced authentication and session monitoring, addressing the unique challenges of modern CPS landscapes. Includes up to 100 managed assets and 2 Users.	Site	£1,941.07	ARM-SRA-XS-T1

Armis Secure Remote Access	Armis Centrix for Secure Remote Access - XS Site- 51-100 Site Tier	Armis Secure Remote Access, delivers Zero Trust, identity-based access to OT/ICS and cyber-physical systems. It provides granular, least-privilege control for remote users, ensuring secure operational continuity and minimizing cyber risk in critical infrastructure environments. This solution strengthens industrial security with advanced authentication and session monitoring, addressing the unique challenges of modern CPS landscapes. Includes up to 100 managed assets and 2 Users.	Site	£1,824.27	ARM-SRA-XS-T2
Armis Secure Remote Access	Armis Centrix for Secure Remote Access - XS Site- 101+ Site Tier	Armis Secure Remote Access, delivers Zero Trust, identity-based access to OT/ICS and cyber-physical systems. It provides granular, least-privilege control for remote users, ensuring secure operational continuity and minimizing cyber risk in critical infrastructure environments. This solution strengthens industrial security with advanced authentication and session monitoring, addressing the unique challenges of modern CPS landscapes. Includes up to 100 managed assets and 2 Users.	Site	£1,714.77	ARM-SRA-XS-T3
Armis Secure Remote Access	Armis Centrix for Secure Remote Access - Small Site- 1-50 Site Tier	Armis Secure Remote Access, delivers Zero Trust, identity-based access to OT/ICS and cyber-physical systems. It provides granular, least-privilege control for remote users, ensuring secure operational continuity and minimizing cyber risk in critical infrastructure environments. This solution strengthens industrial security with advanced authentication and session monitoring, addressing the unique challenges of modern CPS landscapes. Includes up to 500 managed assets and 5 Users.	Site	£5,440.69	ARM-SRA-S-T1
Armis Secure Remote Access	Armis Centrix for Secure Remote Access- Small Site- 51-100 Site Tier	Armis Secure Remote Access, delivers Zero Trust, identity-based access to OT/ICS and cyber-physical systems. It provides granular, least-privilege control for remote users, ensuring secure operational continuity and minimizing cyber risk in critical infrastructure environments. This solution strengthens industrial security with advanced authentication and session monitoring, addressing the unique challenges of modern CPS landscapes. Includes up to 500 managed assets and 5 Users.	Site	£5,114.38	ARM-SRA-S-T2
Armis Secure Remote Access	Armis Centrix for Secure Remote Access- Small Site- 101+ Site Tier	Armis Secure Remote Access, delivers Zero Trust, identity-based access to OT/ICS and cyber-physical systems. It provides granular, least-privilege control for remote users, ensuring secure operational continuity and minimizing cyber risk in critical infrastructure environments. This solution strengthens industrial security with advanced authentication and session monitoring, addressing the unique challenges of modern CPS landscapes. Includes up to 500 managed assets and 5 Users.	Site	£4,807.05	ARM-SRA-S-T3
Armis Secure Remote Access	Armis Centrix for Secure Remote Access - Med Site- 1-50 Site Tier	Armis Secure Remote Access, delivers Zero Trust, identity-based access to OT/ICS and cyber-physical systems. It provides granular, least-privilege control for remote users, ensuring secure operational continuity and minimizing cyber risk in critical infrastructure environments. This solution strengthens industrial security with advanced authentication and session monitoring, addressing the unique challenges of modern CPS landscapes. Includes up to 2625 managed assets and 10 Users.	Site	£7,072.97	ARM-SRA-M-T1
Armis Secure Remote Access	Armis Centrix for Secure Remote Access - Med Site- 51-100 Site Tier	Armis Secure Remote Access, delivers Zero Trust, identity-based access to OT/ICS and cyber-physical systems. It provides granular, least-privilege control for remote users, ensuring secure operational continuity and minimizing cyber risk in critical infrastructure environments. This solution strengthens industrial security with advanced authentication and session monitoring, addressing the unique challenges of modern CPS landscapes. Includes up to 2625 managed assets and 10 Users.	Site	£6,648.11	ARM-SRA-M-T2
Armis Secure Remote Access	Armis Centrix for Secure Remote Access - Med Site- 101+ Site Tier	Armis Secure Remote Access, delivers Zero Trust, identity-based access to OT/ICS and cyber-physical systems. It provides granular, least-privilege control for remote users, ensuring secure operational continuity and minimizing cyber risk in critical infrastructure environments. This solution strengthens industrial security with advanced authentication and session monitoring, addressing the unique challenges of modern CPS landscapes. Includes up to 2625 managed assets and 10 Users.	Site	£6,249.53	ARM-SRA-M-T3
Armis Secure Remote Access	Armis Centrix for Secure Remote Access - Large Site- 1-50 Site Tier	Armis Secure Remote Access, delivers Zero Trust, identity-based access to OT/ICS and cyber-physical systems. It provides granular, least-privilege control for remote users, ensuring secure operational continuity and minimizing cyber risk in critical infrastructure environments. This solution strengthens industrial security with advanced authentication and session monitoring, addressing the unique challenges of modern CPS landscapes. Includes up to 25,000 managed assets and 20 Users.	Site	£9,194.35	ARM-SRA-L-T1

Armis Secure Remote Access	Armis Centrix for Secure Remote Access - Large Site- 51-100 Site Tier	Armis Secure Remote Access, delivers Zero Trust, identity-based access to OT/ICS and cyber-physical systems. It provides granular, least-privilege control for remote users, ensuring secure operational continuity and minimizing cyber risk in critical infrastructure environments. This solution strengthens industrial security with advanced authentication and session monitoring, addressing the unique challenges of modern CPS landscapes. Includes up to 25,000 managed assets and 20 Users.	Site	£8,643.20	ARM-SRA-L-T2
Armis Secure Remote Access	Armis Centrix for Secure Remote Access - Large Site- 101+ Site Tier	Armis Secure Remote Access, delivers Zero Trust, identity-based access to OT/ICS and cyber-physical systems. It provides granular, least-privilege control for remote users, ensuring secure operational continuity and minimizing cyber risk in critical infrastructure environments. This solution strengthens industrial security with advanced authentication and session monitoring, addressing the unique challenges of modern CPS landscapes. Includes up to 25,000 managed assets and 20 Users.	Site	£8,124.17	ARM-SRA-L-T3
Armis Secure Remote Access	Armis Centrix for Secure Remote Access - XL Site- 1-50 Site Tier	Armis Secure Remote Access, delivers Zero Trust, identity-based access to OT/ICS and cyber-physical systems. It provides granular, least-privilege control for remote users, ensuring secure operational continuity and minimizing cyber risk in critical infrastructure environments. This solution strengthens industrial security with advanced authentication and session monitoring, addressing the unique challenges of modern CPS landscapes. Includes up to 50,000 managed assets and 50 Users.	Site	£11,953.02	ARM-SRA-XL-T1
Armis Secure Remote Access	Armis Centrix for Secure Remote Access - XL Site- 51-100 Site Tier	Armis Secure Remote Access, delivers Zero Trust, identity-based access to OT/ICS and cyber-physical systems. It provides granular, least-privilege control for remote users, ensuring secure operational continuity and minimizing cyber risk in critical infrastructure environments. This solution strengthens industrial security with advanced authentication and session monitoring, addressing the unique challenges of modern CPS landscapes. Includes up to 50,000 managed assets and 50 Users.	Site	£11,236.16	ARM-SRA-XL-T2
Armis Secure Remote Access	Armis Centrix for Secure Remote Access - XL Site- 101+ Site Tier	Armis Secure Remote Access, delivers Zero Trust, identity-based access to OT/ICS and cyber-physical systems. It provides granular, least-privilege control for remote users, ensuring secure operational continuity and minimizing cyber risk in critical infrastructure environments. This solution strengthens industrial security with advanced authentication and session monitoring, addressing the unique challenges of modern CPS landscapes. Includes up to 50,000 managed assets and 50 Users.	Site	£10,561.64	ARM-SRA-XL-T3

Designed to provide advanced guidance for scaled deployments, the Platinum Success package offers:

- Comprehensive Knowledge Resources: Full access to the Armis community, including self-paced online learning, virtual instructor-led training, and scheduled private sessions.

- Priority Support: 24/7/365 access to Armis Technical Support with priority escalation based on published support guidelines.

- Customer Success Manager: A designated CS resource to drive value realization, provide best practices for adoption and usage, and be your primary point of contact for the Armis experience.

Note: Implementation Services are not included in Platinum Success.
