OVERVIEW

Finyx offers pragmatic and insightful cloud consulting and advisory services. We provide support and advice for the adoption of, and transition to, cloud-based solutions; and can ensure you have the right operating model including establishing the appropriate governance, risk and controls.

CHARGING MODEL

Finyx offer a variety of charging mechanisms to suit the client's situation:

- Unit Price / Time & Materials
- Fixed Price
- Performance

GOVERNANCE

Will vary by engagement but likely to include regular management reviews and deliverable reviews throughout the course of the engagement.

ABOUT US

After many years of providing advisory and delivery services, we understand what our client's challenges mean to them and we focus on delivering pragmatic, intelligent and bespoke solutions.

INSIGHT

Through many years of developing solutions for our clients we know "what good feels like" and we have the insight to assist them in getting there.

EXPERIENCE

Finyx has a broad range of capabilities and can assist with all aspects of IT Transformation; from defining the strategy and roadmap, through describing and procuring required solutions, to providing a project office and overseeing service migrations.

EXECUTION

Finyx are active in both the Public and Private sectors; we have a history of building long-standing client relationships and returning to support them on further engagements.
