Network as a Service

Redcentric Network as a Service provides a secure internal / external network connection. It meets compliance standards and various Redcentric services such as internet and security can be overlaid over this single connection into the Redcentric Network.

Redcentric offers various circuit options that connect Customer sites to the managed MPLS core and Access as a Service. The various circuit types each have their own merits and can be considered for suitability according to several characteristics including cost, capacity, scalability, geographic availability, delivery timescales and so on.

Access as a Service is compatible with DDoS Mitigation Service, Managed Firewall Service. Managed LAN Switch Service, Meraki Connectivity and Security Service, Managed SD WAN Service. Managed Wireless LAN Service, Wireless Guest Access Service also available on G Cloud.

Access as a Service enables customers to take advantage of the new technology applications offered within the following government networks, all which Redcentric is a certified service provider:

- HSCN
- PSN
- MPLS
- Internet

Network as a Service offer reliable connections at a variety of speeds and technologies to deliver connectivity to Customers with different communication profile requirements. Network as a Service offer customers the opportunity to take advantage of new approaches for ICT communication / collaboration and which are designed to help reduce overhead expenditure, facilitate data exchange, and enhance customers' experience.

Pricing

All prices exclude VAT.

This Service is subject to a Call-Off Contract Period of 12 or 36 months and a Minimum Period of Service of 12 months.

Lot 2 discounts will be applied to the prices set out in this Price Card and calculated based on the total annual Call-Off Contract value – see Table 1 for details.

Table 13 – Volume Discounts.

The following incremental discounts are available when the relevant volume threshold are reached. These apply to the Monthly Recurring Charge in the tables above, except Table 3 Legacy broadband. The price automatically reduces when the next volume threshold is reached and the reduced price will be applied in the following billing month.

Thresholds	Discount %
0 to 50 sites	0%
50 to 100 sites	2%
100 to 200 sites	5%
200+ sites	8%
