What we do

Target Operating Model (TOM) Review

Our Target Operating Model (TOM) Review service provides a comprehensive assessment and refinement strategy for your organizational structure and effectiveness across all functional areas. By reviewing and optimizing your operating model, we help identify streamline, resources and better and innovation. Our approach of current practices, integration of best-in-class processes, and implementation of change agility & resilience. This holistic review ensures that your organization is not only configured to meet today's demands but also equipped to adapt to future challenges.

Resource Allocation Review: Assesses current processes, providing a foundation for strategic enhancements.

Performance Measurement Systems: Implements advanced metrics and KPIs to monitor target delivery, ensuring the operating model delivers on its promises.

Change Management Integration: Facilitates the implementation of changes through comprehensive change in staff adaptation and morale.

What we do

Service Benefits:

Improved Operational Efficiency: Streamlines operations to reduce costs and improve service delivery, directly impacting the bottom line.

Enhanced Strategic Alignment: Ensures that all the elements of the operating model are in the overarching objectives, supporting effective execution.

Increased Agility: Makes the organization more agile and better equipped to respond to market changes and opportunities.

Optimized Resource Utilization: Improves efficiency in the use of resources, ensuring that bnd financial capital are employed to their maximum potential.

Reduced Operational Risk: By modernizing processes and systems, reduces the likelihood of the mitigate risks.

Service Delivery:

Detailed Assessment and Analysis: Conducts a deep into existing operational frameworks to capabilities and identify areas needing improvement.

Strategic Recommendations and Roadmap Development: Provides a clear set of recommendation romais, changes to business priorities and capacities.

Implementation Support: Offers hands-on support during the implementation phase, including process redesign, ensuring minimal disruption to daily operations.

Performance Monitoring and Adjustment: Establishes mechanisms for ongoing monitoring these against new models, with flexibility to make adjustments as needed.

Training: Delivers comprehensive training sessions to all levels of staff, ensuring that teams are equipped under the new operating model..

services across 14
major clients.

350 people currently
deployed on client
projects.

50m UK citizens user
our solutions.

Our Digital Transformation for the UK Public Sector

Transforming pension experiences at the Department for Work and Pensions

Scrumconnect transformed pension experiences with our award-winning Get Your State Pension service for DWP. Serving 12 million UK citizens, we achieved an 80% digital adoption rate and over 95% satisfaction, managing £101 billion annually. Welcome to the new era of pension management.

Building the Ministry of Justice exemplar service

Scrumconnect pioneered one of the Ministry of Justice's earliest exemplar services, spearheading the adoption of a cloud-first approach and modernizing their organizational structure. Based in Manchester magistrates' court, our team developed a product aimed at minimizing unnecessary visits, driving efficiency and effectiveness.

Digital Transformation of HM Prison and Probation Service

Scrumconnect consultants are at the forefront of addressing major challenges within prisons and probation systems. With issues spanning across the board, timely access to pertinent data can be lifesaving for prison officers. Our consultants are dedicated to developing cutting-edge products and services tailored for a modern prison system, ensuring efficiency and effectiveness at every step.

Our Digital Transformation for the Private Sector

Expanding capacity and capabilities with speed at Cora

Cora aimed to expand its IT capacity for delivering more features to customers efficiently. Scrumconnect assembled a team of 30 FTEs, enabling experienced staff to focus on client engagement, yielding a 10x return on investment. Let's explore further opportunities to deepen our partnership.

eCommerce programme for international airline

We managed the development of three distinct E-Commerce solutions for a global airline undergoing extensive integration. Our responsibilities included overseeing site development, maintaining release schedules, sprint and release planning, and complete stakeholder management. We provided thorough reporting on deliverables and outcomes throughout the process.

Revolutionising the Bank of England's Cloud Migration: From Days to Minutes

In a groundbreaking initiative, Scrumconnect facilitated the seamless transition of the Bank of England to the cloud, slashing analysis time from 20 days to a mere 30 minutes. Our approach, which included secure landing zones, application on-boarding mechanisms, containerization, and extensive training, has not only streamlined operations but also laid the foundation for a resilient, forward-thinking cloud strategy.

We're guided by our values at all times

Collaboration

We believe that we are stronger as a team than as individuals. We create and solve problems together.

Early Value Creation

We find the quickest route from idea to product because that is where our business value is. Customers rely on us to impact their business and we always deliver.

Learning

The future belongs to those that can adapt fast. We do this by continuously learning, sharing and growing as individuals and as teams.

Integrity

Teamwork requires trust with everyone that we work with. We can always be relied upon to behave with the highest standards.

Commitment

No matter what, we always give our 100% to achieving our goals. Our focus and motivation is always the highest.
