

Scrumconnect -Service Definition Workday Services

We bring proven success in delivering digital solutions in high-scrutiny, regulated environments like the public sector.

Our mission is to make digital services and solutions easy to use for our clients and their customers, delivering exceptional value and creating great digital experiences for everyone.

**We're a certified Workday
Implementation and AMS Partner
for public and private sector
organisations operating in complex,
regulated environments.**

**It means we can support the full
lifecycle, from early strategy and
readiness, through implementation
and into long-term optimisation and
support.**

Our Workday Practice is backed by the expertise, security clearance and experience needed to solve complex challenges and deliver results.

We're guided by our values at all times

Collaboration

We believe that we are stronger as a team than as individuals. We create and solve problems together.

Early Value Creation

We find the quickest route from idea to product because that is where our business value is. Customers rely on us to impact their business and we always deliver.

Learning

The future belongs to those that can adapt fast. We do this by continuously learning, sharing and growing as individuals and as teams.

Integrity

Teamwork requires trust with everyone that we work with. We can always be relied upon to behave with the highest standards.

Commitment

No matter what, we always give our 100% to achieving our goals. Our focus and motivation is always the highest.
